PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON APRIL 9, 1996

INTRODUCTION

The accompanying Proxy is solicited by and on behalf of the Board of Directors of The Peoples Holding Company (the "Company") for use at the Annual Meeting of Stockholders to be held on April 9, 1996, and any adjournments thereof. The time and place of the meeting is set forth in the accompanying Notice of Meeting. All expenses of preparing, printing and mailing the Proxy and all materials used in the solicitation thereof will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview and telephone by directors, officers and other employees of the Company, none of whom will receive additional compensation for their services. The date on which this Proxy Statement and the accompanying Proxy are first being sent or given to Stockholders of the Company is March 19, 1996.

PURPOSE OF THE MEETING

The annual meeting will be held for the purpose of:

1. Electing four members of Board of Directors of the Company for terms specified;
2. Voting on auditors for the Company for the current year;
3. Transacting such other matters as may properly come before the meeting.

VOTES REQUIRED FOR APPROVALS

The Company has issued and outstanding 2,604,760 shares of Common Stock, par value of \$5.00 per share, which is the only class of stock outstanding. Only the holders of record of Common Stock of the Company at the close of business on March 15, 1996, are entitled to notice of and vote on the matters to come before the Annual Meeting of Stockholders or any adjournment thereof.

Presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock of the Company entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Meeting or any adjournment thereof.

A stockholder is entitled to one (1) vote, in person or by proxy, at the Annual Meeting for each share of Common Stock of the Company held of record in his or her name at the close of business on the record date, March 15, 1996.

Affirmative vote of a majority of the outstanding shares of Common Stock of the Company is required to elect directors. Each shareholder shall have the right to vote, allocable to the number of shares owned by him, for as many persons as there are directors to be elected, or to cumulate such votes and give one candidate as many votes as the number of directors multiplied by the number of votes allocable to his share equal, or to distribute such votes, on the same principle, among as many candidates as he shall see fit; without any conditions precedent to such action.

Affirmative vote of a majority of outstanding shares of Common Stock of the Company is required to approve auditors.

Stockholders may designate a person or persons other than those named in the enclosed Proxy to vote their shares at the Annual Meeting or any adjournment thereof. As to any other matter or business which may be brought before the Annual Meeting or any adjournment thereof, a vote may be cast pursuant to the accompanying Proxy in accordance with the judgment of the person or persons voting the same, but the management and Board of the Company do not know of any other matters or business to come before the meeting. Any stockholder has the power to vote his or her Proxy at any time, insofar as it has not been exercised, by written notice or subsequently dated Proxy, received by the Company, or by oral revocation given by the stockholder in person at the Annual Meeting or any adjournment thereof.

PRINCIPAL HOLDERS OF VOTING SECURITY

The Company has only Common Stock outstanding and as of January 31, 1996, the Company had 2301 stockholders of record. To the

knowledge of management of the Company, no stockholder owns beneficially more than five (5) percent of the Company's outstanding Common Stock. As of January 31, 1996, policy making officers and directors as a group beneficially owned a total of one hundred eighty-seven thousand eight hundred and eighty-five (187,885) shares, or seven and twenty-one hundredths (7.21%) of total shares of Common Stock outstanding.

ELECTION OF DIRECTORS

The charter of incorporation and bylaws of the Company provide for a board of not less than seven nor more than twenty members to be determined annually by the affirmative vote of a majority of the entire Board of Directors of the Company. The number of directors is currently fixed at fourteen, and the Board of Directors has voted to fix the number of members at fourteen for the ensuing year. The Board of Directors is divided into three classes having staggered terms. Three of the directors whose terms end in 1996 have been nominated for re-election to another term, and Marshall H. Dickerson has been nominated for election to succeed Leonard W. Walden, who is retiring from the Board.

The four persons named below will be nominated for election to serve terms for the period indicated below and until their successors are duly elected and qualified. It is the intention of the persons named in the proxy to vote for the election of the four nominees. The following table sets forth the name, age, principal occupation or position, periods of service as a director, number of shares of company stock beneficially owned and certain other information as to said directors and nominees:

EMPLOYEE STOCK OWNERSHIP PLAN (ESOP)

The Bank adopted an Employee Stock Ownership Plan effective as of January 1, 1981, and the Company adopted said plan effective as of November 1, 1983. The plan has subsequently been amended to comply with all law changes. This plan covers all employees who have attained the age of twenty-one and have at least one year of continuous service. The non-officer directors of the Company do not participate in the Plan. The Bank set aside \$400,000 in 1995 for this Plan. The amount set aside is used to purchase shares of the Company stock and other stock which is held in trust for the employees until retirement, death, or break in service. The Plan presently owns 156,016 shares of the common stock of the Company or 5.99% of the total outstanding shares. These shares are voted by the employees participating in the Plan. Eligible employees participate in the Plan based on their salary compared to total eligible salaries for the year. Benefits are distributed in the form of shares held for the employee's account.

At the beginning of 1995, the Plan held 153,146 shares of common stock of the Company. Between January 1, 1995, and December 31, 1995, 11,428 additional shares were purchased less 8,558 shares distributed to retired and terminated participants, bringing the total at the end of 1995 to 156,016 shares. All Company stock purchased for the Plan was either purchased on the open market or from terminated ESOP participants. John W. Smith participated in the contribution to the Employee Stock Ownership Plan, and his share of the contribution for 1995 was approximately \$5,261.86.

PENSION PLAN

The Pension Plan of the Bank has been adopted by the Company. Listed in the table below are the Retirement Benefits estimated to be paid to participants in the Company's Pension Plan at normal retirement date, age 65. The Non-Officer Directors of the Company do not participate in the Plan. The Plan allows early and delayed retirement. The Company elected to adopt Financial Accounting Standards Board Statements of Financial Accounting Standards (FAS) No. 87 and No. 88 in 1986. The Pension expense since 1986 has been computed under those statements, resulting in an expense under (FAS) No. 87 of \$323,640 in 1991, \$486,925 in 1992, \$592,811 in 1993, \$593,688 in 1994 and \$631,728 in 1995. Due to a Voluntary Early Retirement Window, there was an expense of \$159,294 under (FAS) No. 88 in 1992. No expense has resulted from (FAS) No. 88 in either prior or subsequent years. The Company's funding policy is to contribute annually an amount that falls within the minimum and maximum amount determined by consulting actuaries in accordance with the Employee Retirement Income Security Act of 1974. The Company contribution to the Plan for 1995 was \$736,236. Said evaluation is based on data concerning all employees participating in the Plan as a group. The actuary does not compute and assign any part of a total contribution as the current cost of retirement benefits for a specific employee.

The table below shows the estimated maximum current benefits payable under the Plan assuming retirement at age 65 of persons in the specified remuneration and years of service classification.

Assumption--Age 65, no survivor annuity, straight life, 10 year certain, annual Covered Compensation of \$21,000.

The estimated credited years of service and the compensation covered by the Plan, where required, for each of the individuals named in the Cash Compensation Table are as follows: John Smith 29 (\$195,920.87). (For Plan years beginning after December 31, 1993, certain limitations on compensation will apply if still applicable at the retirement of the participant. Currently the maximum compensation amount is \$150,000.00.)

John Smith has a three year employment contract with the Company. This employment contract shall not be effective unless there is a final consummation of a takeover transaction which is not recommended by the affirmative vote of a majority of the Board of Directors. The annual compensation to be paid during the term of the contract shall be the same amount as the officer's salary as of his final date of employment immediately preceding the effective date of the employment contract, together with all Pension Plan, Employee Stock Ownership Plan, Executive Deferred Compensation Plan and other fringe benefits to which the officer is entitled.

BENEFIT RESTORATION PLAN

Effective May 1, 1991, The Peoples Bank and Trust Company established a Benefit Restoration Plan. Due to subsequent changes in the federal tax laws governing the integration of social security benefits into the pension plan formula, The Peoples Bank & Trust Company again amended The Peoples Bank & Trust Company Pension Plan, and on December 13, 1994, restated the Benefit Restoration Plan effective January 1, 1994. This plan is an unfunded non-qualified deferred compensation plan maintained solely for the purpose of restoring certain benefits for officers covered under The Peoples Bank and Trust Company Pension Plan who experienced a decrease of \$50 or more in the present value of their pension benefits and had a \$100 or more decrease in the projected amount of their future benefits resulting from an amendment to the Plan which revised the plan's Social Security integration formula in order to comply with recent IRS regulations. The plan will pay the eligible employees a benefit equal to the difference in what their benefit is under the revised plan and what their benefit would have been under the plan prior to its amendment.

The normal retirement age under the Benefit Restoration Plan is age 65 and the employee is eligible for early retirement upon reaching the age of 55, provided the employee has 15 years of service with the bank. A death benefit equal to a 50% joint and survivor annuity will be payable to the employee's spouse in the event of his or her death. During 1995 the bank contributed \$45,179 to this plan.

INCENTIVE COMPENSATION PLAN

The Board of Directors of the Bank adopted an Incentive Compensation Plan to be effective January 1, 1988, and this plan was subsequently revised and amended effective January 1, 1993. Incentive benefits will be paid to eligible officers and employees after the end of each calendar year and shall be based upon performance of the Bank during each such calendar year. The funds available for cash distribution under this plan shall be determined (a) by setting aside one percent (1%) of the average assets of the Bank after taxes, after allocation of annual contribution to Employee Stock Ownership Plan and after incentive pay as determined by this formula; (b) by subtracting from the annual net income of the Bank prior to taxes, Employee Stock Ownership Plan contribution

and incentive pay computed under this plan, the amount determined to be one percent (1%) of average assets after taxes, after Employee Stock Ownership Plan contribution and after incentive pay as determined by this formula; (c) by appropriating thirty percent (30%) of any excess of net income over one percent (1%) of average assets as computed above for distribution among eligible officers and employees under this plan.

Said funds as above computed and appropriated shall be distributed among the eligible officers and employees of the Bank according to the relationship that each individual's earnings has to the total earnings of all eligible employees of the plan. Provided, however, that the president of the Bank shall not be eligible to participate in this plan. Provided, further, however, that any officer or employee whose score on their latest annual personal employee evaluation is not sufficient to merit an increase in salary shall not be eligible for participation in this plan. Payment shall be made to all eligible bank officers and employees who were officers or employees of the Bank on January 1 and have continued in employment through December 31 of the year for which payments are being made. Provided, however, that prorata benefits will be paid upon the earnings of any otherwise eligible officers or employees separated from service during such year for which benefits are being paid through death, retirement or long term disability.

Prior service with a bank acquired by or merged into The Peoples Bank and Trust Company shall not be treated as credible service under this plan.

During 1995, the bank contributed \$651,358 to this plan.

EXECUTIVE INCENTIVE COMPENSATION PLAN

The President of the Bank is covered under this plan which is based upon a broader criteria of bank performance. Compensation is determined under a formula based upon the return on assets (ROA) of the Company and the criticized assets (CA) of the Bank.

Return on assets will be computed upon net profits after taxes and payment of Executive Incentive Compensation and all other bonuses payable to officers and employees.

Criticized assets will be a total of substandard loans, doubtful loans, loss loans, other real estate, repossessed assets, substandard securities and fifty percent of OAEM. The percentage ratio of the above total of criticized assets to year-end equity plus loan loss reserves will then be determined.

The scores from the calculations of return on assets and criticized assets will be applied to the following plan formula:

[CAPTION]			
ROA	SCORE	CA	SCORE
[S]	[C]	[C]	[C]
.99	0%	50%	0%
1.075	10%	47%	10%
1.150	20%	44%	20%
1.225	30%	41%	30%
1.300	40%	38%	40%
1.375	50%	35%	50%
1.450	60%	32%	60%
1.525	70%	29%	70%
1.600	80%	26%	80%
1.675	90%	23%	90%
1.750	100%	0-20%	100%

Interpolation will be used to determine the score for ratios falling between the parameters listed above. The calculation will be made using the above scores and the Incentive Compensation will be awarded based on the equation as follows: ROA Score x CA Score x Base Salary=Executive's Incentive Compensation.

The Board of Directors approved the sum of \$35,087 to fund the plan for 1995.

No other remuneration payments are proposed in the future to officers directly or indirectly pursuant to any existing plan or arrangement.

DIRECTORS' DEFERRED FEE PLAN AND
EXECUTIVE DEFERRED COMPENSATION PLAN

(3) On November 12, 1985, the Board of Directors adopted the Directors' Deferred Fee Plan and the Executive Deferred Compensation Plan, hereinafter referred to as Part A, and effective January 1, 1989, eligible directors and employees were given the opportunity to defer additional compensation under Part B of these Plans. Under the terms of the Plans, non-employee directors and eligible employees may elect to defer, respectively, up to 100% of directors' fees and retainers and up to 10% of salary, as approved from time to time by the Administrative Committee of the Plans. Amounts deferred under Part A of the Plans accrue interest annually at 130% of the Moody's Average Corporate Bond Rate for the month of October preceding December 31 of each preceding year, and amounts deferred under Part B of the Plans accrue interest annually at the Moody's Average Corporate Bond Rate for the month of October preceding December 31 of each preceding year. If a Participant remains an employee or director until his or her normal retirement date and shall then retire, the Company is obligated to pay to the Participant an amount equal to the amount originally deferred under Part A as annually compounded by 130% of the Moody's Average Corporate Bond Rate and at the Moody's Average Corporate Bond Rate for the amount originally deferred under Part B until the Participant's normal retirement date. That result will then continue to be annually compounded by the appropriate percentage (130% in the case of Part A and 100% in the case of Part B) of the Moody's Average Corporate Bond Rate being used at the time of normal retirement until the time the total retirement benefit, which will generally be paid monthly over a 15 year period, is completed. If a Participant terminates his or her employment prior to normal retirement, he or she will receive a termination benefit upon the earlier of (i) the Participant's death or (ii) attainment of his or her early retirement date or (iii) at the time said Participant ceases his or her employment if such date is later than his or her early retirement date. This benefit shall be determined by improving the Participant's deferrals under Part A by the Moody's Average Corporate Bond Rate and under Part B by 75% of the Moody's Average Corporate Bond Rate, each as compounded on an annual basis if said Participant has been an employee or a director for less than ten years or if employment is discontinued for cause and by 130% and 100%, respectively, of the Moody's Average Corporate Bond Rate as compounded on an annual basis if said Participant has been an employee or director for ten or more years with such amount being computed from the date of entry to the termination date of the Participant. This benefit will normally be paid monthly over a fifteen year period.

If a Participant shall die after he or she begins receiving a benefit but before receiving 180 installments of his or her benefit, the amount will be continued to the Participant's beneficiary until the balance of 180 monthly payments have been made. If a Participant dies prior to the time he or she begins receiving a benefit, his or her beneficiary is entitled to the higher of the Pre-Retirement Death Benefit or the Participant's Accrued Benefit under the Plan. This benefit will normally be paid monthly over a fifteen year period.

The Plans are administered by an Administrative Committee which is appointed by the Board, and the Committee has the authority to amend the Plans or extend them for additional years, subject to the right of the Board to terminate the Plans. The committee has approved deferrals under the Plans for 1995 at the rates provided for under the terms of the Plans. The Plans are unfunded, and it is anticipated that they will result in no cost to the Company over the term of the Plans because life insurance policies on the lives of the Participants have been purchased in amounts estimated to be sufficient to pay benefits under the Plans. The Company is both the owner and beneficiary of all the insurance policies. On December 31, 1995, there were seven directors and twenty officers participating in Part A of the Plan and thirteen directors and forty-one

officers participating in Part B of the Plans. During 1995, \$3,603.96 was paid from the Directors' Deferred B Plan as widows' benefits of deceased directors and \$6,464.84 was paid in benefits to retired directors. In addition \$10,484.64 was paid in benefits to retired non-executive officers, and \$45,691.20 was paid to the widow of a deceased non-executive officer. Amounts deferred during 1995 by the individuals in the groups specified in the cash compensation table are included in the totals disclosed in the table. Amounts accrued during 1995, including deferrals, were as follows: Mr. Smith, \$4,212.06 in Part A and \$7,235.51 in Part B; all executives and directors, including retired executives and directors as a group, \$79,356.94 in Part A and \$304,113.66 in Part B.
