

Third Quarter 2026 Earnings Call

Forward-Looking Statements

This presentation may contain various statements about Renasant Corporation ("Renasant," the "Company," "we," "our," or "us") that constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Statements preceded by, followed by or that otherwise include the words "believes," "expects," "projects," "anticipates," "intends," "estimates," "plans," "potential," "focus," "possible," "may increase," "may fluctuate," "will likely result," or similar expressions, or future or conditional verbs such as "will," "should," "would" and "could," are generally forward-looking in nature and not historical facts. Forward-looking statements include information about our future financial performance, business strategy, projected plans and objectives and are based on the current beliefs and expectations of management. We believe these forward-looking statements are reasonable, but they are all inherently subject to significant business, economic and competitive risks and uncertainties, many of which are beyond our control. In addition, these forward-looking statements are subject to assumptions about future business strategies and decisions that are subject to change. Actual results may differ from those indicated or implied in the forward-looking statements; such differences may be material. Prospective investors are cautioned that any forward-looking statements are not guarantees of future performance and involve risks and uncertainties. Investors should not place undue reliance on these forward-looking statements, which speak only as of the date they are made.

Important factors currently known to management that could cause the Company's actual results to differ materially from those in forward-looking statements include the following: (i) the Company's ability to efficiently integrate acquisitions into its operations, retain the customers of these businesses, grow the acquired operations and realize the cost savings expected from an acquisition to the extent and in the timeframe anticipated by management (including the possibility that such cost savings will not be realized when expected, or at all, as a result of the impact of, or challenges arising from, the integration of the acquired assets and assumed liabilities into the Company, potential adverse reactions or changes to business or employee relationships, or as a result of other unexpected factors or events); (ii) potential exposure to unknown or contingent risks and liabilities the Company has acquired or may acquire; (iii) the effect of economic conditions and interest rates on a national, regional or international basis; (iv) timing and success of the implementation of changes in operations to achieve enhanced earnings or effect cost savings; (v) our ability to remediate the material weakness in the Company's internal control over financial reporting identified in the Company's Annual Report on Form 10-K for the year ended December 31, 2025 filed with the Securities and Exchange Commission (the "SEC") on March 2, 2026; (vi) competitive pressures in the consumer finance, commercial finance, financial services, asset management, retail banking, factoring and mortgage lending and auto lending industries; (vii) the financial resources of, and products available from, competitors; (viii) changes in laws and regulations as well as changes in accounting standards; (ix) changes in governmental and regulatory policy, whether applicable specifically to financial institutions or impacting the United States generally (such as, for example, changes in trade policy); (x) changes in the securities and foreign exchange markets; (xi) the Company's potential growth, including its entrance or expansion into new markets, and the need for sufficient capital to support that growth; (xii) changes in the quality or composition of the Company's loan or investment portfolios, including adverse developments in borrower industries or in the repayment ability of individual borrowers or issuers of investment securities, or the impact of interest rates on the value of the Company's investment securities portfolio; (xiii) an insufficient allowance for credit losses as a result of inaccurate assumptions; (xiv) changes in the sources and costs of the capital the Company uses to make loans and otherwise fund the Company's operations, due to deposit outflows, changes in the mix of deposits and the cost and availability of borrowings; (xv) general economic, market or business conditions, including the impact of inflation; (xvi) changes in demand for loan and deposit products and other financial services; (xvii) concentrations of credit or deposit exposure; (xviii) changes or the lack of changes in interest rates, yield curves and interest rate spread relationships; (xix) losses resulting from fraudulent activity, including loan and deposit fraud and social engineering attacks targeting our customers, employees and third party vendors; (xx) increased cybersecurity risk, including potential network breaches, business disruptions or financial losses, including as a result of sophisticated attacks using artificial intelligence ("AI") and similar tools; (xxi) civil unrest, natural disasters, epidemics and other catastrophic events in the Company's geographic area; (xxii) geopolitical conditions, including acts or threats of terrorism and actions taken by the United States or other governments in response to acts or threats of terrorism and/or military conflicts, which could impact business and economic conditions in the United States and abroad; (xxiii) the impact, extent and timing of technological changes, including the rapid development of AI technologies; and (xxiv) other circumstances, many of which are beyond management's control.

Management believes that the assumptions underlying our forward-looking statements are reasonable, but any of the assumptions could prove to be inaccurate. Investors are urged to carefully consider the risks described in Renasant's filings with the SEC from time to time, including its most recent Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q, which are available at www.renasant.com and the SEC's website at www.sec.gov. We undertake no obligation, and specifically disclaim any obligation, to update or revise our forward-looking statements, whether as a result of new information or to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time, except as required by federal securities laws.

Accretion

- Scheduled accretion and accelerated accretion recognized on acquired loans were \$9.0 million and \$1.5 million, respectively, for the third quarter of 2026, which included scheduled credit accretion and accelerated credit accretion of \$2.8 million and \$0.6 million, respectively
- Accelerated bond discount accretion contributed \$2.7 million to net interest income in the second quarter (4 bps). Excluding this, adjusted net interest margin increased 2 bps linked quarter

(1) Adjusted Net Interest Margin (FTE) and Adjusted Loan Yield are non-GAAP financial measures. A reconciliation of GAAP to non-GAAP financial measures is included in the earnings release furnished to the SEC on the same Form 8-K as this presentation under the heading "Non-GAAP Reconciliations".

Noninterest Income

Composition (\$000s)

Quarter Highlights

- Noninterest income decreased \$1.9 million linked quarter, primarily reflecting lower mortgage banking income due to higher mortgage interest rates, lower production and market value adjustments on loans held for sales in process

Noninterest Expense

Composition (\$000s)

Quarter Highlights

- Noninterest expense decreased \$1.2 million linked quarter, driven primarily by a decline in deferred compensation expense tied to market valuations and an increase in deferred loan costs driven by loan growth, offset by higher health insurance claims

Efficiency Ratio

(1) Adjusted Efficiency Ratio is a non-GAAP financial measure. A reconciliation of GAAP to non-GAAP financial measures is included in the earnings release furnished to the SEC on the same Form 8-K as this presentation under the heading "Non-GAAP Reconciliations".
