PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON TUESDAY, APRIL 23, 2013**

We are furnishing this proxy statement to the shareholders of Renasant Corporation in connection with the solicitation of proxies by its board of directors for use at the Annual Meeting of Shareholders of Renasant Corporation to be held at 1:30 p.m., Central time, on Tuesday, April 23, 2013 at the principal offices of Renasant Bank, 209 Troy Street, Tupelo, Mississippi 38804-4827, as well as in connection with any adjournments or postponements of the meeting. In this proxy statement, Renasant Corporation is referred to as “Renasant,” “we,” “our,” “us,” or the “Company,” and Renasant Bank is referred to as the “Bank.”

As permitted by Securities and Exchange Commission, or SEC, rules, we are making this proxy statement, our proxy card and our Annual Report on Form 10-K for the year ended December 31, 2012 (which serves as our annual report to shareholders) available to our shareholders electronically via the Internet. On March 8, 2013, we posted these materials on our Internet website, <http://www.cfpproxy.com/5439>. On the same date, we mailed to our institutional shareholders who own our stock in their name as well as other shareholders who previously elected to receive our proxy materials over the Internet a notice containing instructions on how to access our proxy materials and vote online (referred to as the “Notice”). We also mailed this proxy statement, our proxy card and Annual Report on Form 10-K for the year ended December 31, 2012 to our shareholders who are individuals and own our stock in their own name on the same date.

The Notice contains instructions on how to access and review all of the important information contained in the proxy statement and annual report. The Notice also explains how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions in the Notice for requesting such materials. If you received a paper copy of the proxy card and other proxy materials and would like to receive these materials over the Internet in the future, you should follow the instructions on the proxy card for requesting electronic delivery of our proxy materials.

VOTING YOUR SHARES

Who is soliciting proxies from the shareholders?

Our board of directors is soliciting your proxy. The proxy provides you with the opportunity to vote on the proposals presented at the annual meeting, whether or not you attend the meeting.

What will be voted on at the annual meeting?

Our shareholders will vote on two proposals at the annual meeting:

1. The election of five Class 2 directors, who are each to serve until the expiration of their respective three-year terms or until their successors are elected and qualified; and
2. The ratification of the appointment of HORNE LLP as our independent registered public accountants for 2013.

Your proxy will also give the proxy holders discretionary authority to vote the shares represented by the proxy on any matter, other than the above proposals, that is properly presented for action at the annual meeting.

Who bears the cost of proxy solicitation?

We generally bear all costs of soliciting proxies. We have retained and pay a fee to Registrar and Transfer Company to perform services in connection with our common stock, including assistance with the solicitation of proxies, but we pay no separate compensation to Registrar and Transfer Company solely for the solicitation of proxies. Our directors, officers and employees may solicit proxies by telephone, mail, facsimile, via the Internet or by overnight delivery service. Our directors, officers and employees do not receive separate compensation for these services. We will also, in accordance with SEC regulations, reimburse brokerage firms and other persons representing beneficial owners of our common stock for their reasonable expenses in forwarding solicitation materials to such beneficial owners.

[Table of Contents](#)

Who can vote at the annual meeting?

Our board of directors has fixed the close of business on Friday, February 22, 2013, as the record date for our annual meeting. Only shareholders of record on that date are entitled to receive notice of and vote at the annual meeting. As of February 22, 2013, our only outstanding class of securities was common stock, \$5.00 par value per share. On that date, we had 75,000,000 shares authorized, of which 25,184,637 shares were outstanding.

You (if you, rather than your broker, are the record holder of our stock) can vote either in person at the annual meeting or by proxy, whether or not you attend the annual meeting. You may vote your shares by proxy via a toll-free telephone number or on the Internet. If you received a paper copy of the proxy card, you may sign, date and mail the accompanying proxy card in the envelope provided. Instructions regarding the three methods of voting by proxy are contained on the proxy card, and instructions regarding voting on the Internet are contained on the Notice.

If you would like to attend the annual meeting in person and need driving directions, please contact Kevin D. Chapman, our Chief Financial Officer, by e-mail to KChapman@renasant.com or by phone at (662) 680-1450.

How many votes must be present to hold the annual meeting?

A “quorum” must be present to hold our annual meeting. The presence, in person or by proxy, of a majority of the votes entitled to be cast at the annual meeting constitutes a quorum. Your shares, once represented for any purpose at the annual meeting, are deemed present for purposes of determining a quorum for the remainder of the meeting and for any adjournment, unless a new record date is set for the adjourned meeting. This is true even if you abstain from voting with respect to any matter brought before the annual meeting.

How many votes does a shareholder have per share?

Our shareholders are entitled to one vote for each share held.

What is the required vote on each proposal?

Directors are elected by plurality vote; the candidates in each class up for election who receive the highest number of votes cast, up to the number of directors to be elected in that class, are elected. Shareholders do not have the right to cumulate their votes.

The affirmative vote of a majority of the votes cast at the annual meeting is required for the ratification of our appointment of HORNE LLP as our independent registered public accountants for 2013.

How will the proxy be voted, and how are votes counted?

If you vote by proxy (either by properly completing and returning a paper proxy card or voting by telephone or on the Internet), the shares represented by your proxy will be voted at the annual meeting as you instruct, including any adjournments or postponements of the meeting. If you return a signed proxy card but no voting instructions are given, the proxy holders will exercise their discretionary authority to vote the shares represented by the proxy at the annual meeting and any adjournments or postponements as follows:

1. **“FOR”** the election of nominees John M. Creekmore, Jill V. Deer, Neal A. Holland, Jr., E. Robinson McGraw and Theodore S. Moll as Class 2 directors.
2. **“FOR”** the ratification of the appointment of HORNE LLP as our independent registered public accountants for 2013.

If you hold your shares in a broker’s name (sometimes called “street name” or “nominee name”), you must provide voting instructions to your broker. If you do not provide instructions to your broker, your shares will not be voted on any matter on which your broker does not have discretionary authority to vote, which generally includes non-routine matters. A vote that is not cast for this reason is called a “broker non-vote.” Broker non-votes will be treated as shares present for the purpose of determining whether a quorum is present at the meeting, but they will not be considered present for purposes of calculating the vote on a particular matter, nor will they be counted as a vote FOR or AGAINST a matter or as an abstention on the matter. The ratification of our appointment of our independent registered public accountants is generally considered a routine matter for broker voting purposes, but the election of directors is not considered a routine matter.

Under Mississippi law, an abstention by a shareholder who is either present in person at the annual meeting or represented by proxy is not a vote “cast” and is counted neither “for” nor “against” the matter subject to the abstention.

How are shares in our 401(k) and employee stock ownership plans voted?

If you are an employee of Renasant or the Bank and participate in our 401(k) plan or our employee stock ownership plan, or our “ESOP,” you can vote the number of shares of common stock equal to your units in the Renasant stock fund maintained in the 401(k) plan and the number of shares allocated to you under the ESOP, each determined as of the close of business on February 22, 2013. On that date, our 401(k) plan held an aggregate of 699,403 shares, or 2.78%, of our common stock, and our ESOP held an aggregate of 278,000 shares, or 1.10%, of our common stock.

The Bank is the trustee of both plans and acts as the proxy. In that capacity, the Bank votes your shares. If you do not timely furnish voting instructions, the trustee will vote your shares or units in a manner that mirrors how the shares or units for which it receives instructions have been voted.

Can a proxy be revoked?

Yes. You can revoke your proxy at any time before it is voted, including a proxy you have granted for shares or units held for your benefit in our 401(k) plan or ESOP. You revoke your proxy (1) by giving written notice to our Secretary before the annual meeting, (2) by granting a subsequent proxy either by telephone or on the Internet or (3) by delivering a signed proxy card dated later than your previous proxy. If you, rather than your broker, are the record holder of our stock, a proxy can also be revoked by appearing in person and voting at the annual meeting. Written notice of the revocation of a proxy should be delivered to the following address: Secretary, Renasant Corporation, 209 Troy Street, Tupelo, Mississippi 38804-4827.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file with the SEC and the NASDAQ Stock Market, LLC ("Nasdaq") reports of ownership of our securities and changes in their ownership on Forms 3, 4 and 5. Executive officers, directors and greater than 10% shareholders are required by SEC rules to furnish us with copies of all Section 16(a) reports they file.

Based solely upon a review of the reports on Forms 3 and 4 and amendments thereto furnished to us in 2012 and Forms 5 and amendments thereto furnished to us with respect to 2012, or written representations from reporting persons that no Form 5 filing was required, we believe that in 2012 our executive officers, directors and greater than 10% owners timely filed all reports they were required to file under Section 16(a).

Are the directors independent?

Our board has determined that each of William M. Beasley, George H. Booth, II, Frank B. Brooks, John M. Creekmore, Albert J. Dale, III, Jill V. Deer, Marshall H. Dickerson, John T. Foy, Richard L. Heyer, Jr., Neal A. Holland, Jr., Jack C. Johnson, J. Niles McNeel, Theodore S. Moll and Michael D. Shmerling is an "independent director" as defined under Rule 5605(a)(2) of the Nasdaq Marketplace Rules. Mr. Glenn was an "independent director" while he was a member of the board. Being Renasant employees, Mr. McGraw and Mr. Hart are not independent under the Nasdaq Marketplace Rules.

Table of Contents

The board considered the relationships between our directors and Renasant or the Bank when determining each director's status as an "independent director" under Rule 5605(a)(2) of the Nasdaq Marketplace Rules. In addition to the relationships listed below under the questions "*Are directors and officers indebted to the Bank?*" and "*Are there any other related party transactions?*" the board considered the following relationships:

- We and the Bank employ Phelps Dunbar LLP, a law firm of which William M. Beasley is a partner, to provide advice in various legal areas, including employee benefits and general corporate and securities law.
- The Bank employs McNeel and Ballard, a law firm of which J. Niles McNeel is a partner, as local counsel for its community bank at Louisville, Mississippi.
- The Bank employs Mr. Creekmore's son at one of its Nashville branches (but this individual is not an "executive officer," as that term is defined in Rule 16a-1(f) under the Exchange Act).

The board determined that none of these relationships affects the status of the relevant director as an "independent director." Furthermore, we are not aware of any family relationships between any director, executive officer or person nominated to become a director or executive officer.

What is the board's leadership structure, and why have we selected this structure?

E. Robinson McGraw, our chief executive officer, serves as chairman of the board of the Company and the Bank, while John M. Creekmore serves as "lead director" on our board of directors. The members of the board who meet the definition of "independent director" under the Nasdaq Marketplace Rules select our lead director, except that no lead director is required to be selected if the chairman of the board qualifies as an "independent director." The lead director's responsibilities are explained below.

We have chosen a board leadership structure with Mr. McGraw serving as our chairman because we believe this structure results in a single voice speaking for the Company and presents a unified and clear chain of command. Also, the chairman of the board is expected to manage the board in performing its duties and lead board discussion. As our and the Bank's President and Chief Executive Officer, Mr. McGraw is ideally positioned to provide insight on the current status of our overall operations, our future plans and prospects and the risks that we and the Bank face. Thus, the individual with the most knowledge about us and the Bank and our respective operations is responsible for leading the board's discussions. The board retains the authority to separate the positions of chairman and chief executive officer if it finds that the board's responsibilities can be better fulfilled with a different structure.

We also have a lead director. The lead director serves as an independent counterbalance to the chairman, ensuring that all of our directors' concerns are addressed and otherwise facilitating robust discussions among the entire board (which, as noted above, is comprised almost entirely of "independent directors"). In terms of board leadership, we view the lead director as essentially a co-equal with the chairman of the board. Mr. Creekmore has been a director since 1997, predating Mr. McGraw's service on the board, which we believe adds weight to his independent voice on the board. Also, at each meeting, if he deems it necessary, the lead director may call the board into executive session (that is, a meeting of only those directors who are "independent directors" under the Nasdaq Marketplace Rules) to discuss matters outside the presence of the chairman and other non-independent directors.

Article III, Section 8, of our Restated Bylaws, as amended (our "Bylaws"), sets forth a complete description of the lead director's responsibilities; in general, the lead director is responsible for:

- With Mr. McGraw, scheduling and setting the agenda for board meetings;
- Scheduling, setting the agenda for, and chairing all executive sessions of the "independent directors" of the board;
- Determining the appropriate materials to be sent to directors for all meetings;
- Acting as a liaison between the board and Mr. McGraw and our other executive officers;
- Assisting the compensation committee in evaluating Mr. McGraw's performance;
- Assisting the nominating and governance committee in its annual assessment of the board's committee structure and each committee's performance; and
- Overseeing the board's communications with our shareholders.

In addition to these specific duties, we expect the lead director to familiarize himself with the Company, the Bank and the banking industry in general. He also is expected to keep abreast of developments in the principles of good corporate governance. The lead director is also a member of the executive committee of the board.

What is the board's role in risk oversight?

Although our full board of directors is ultimately responsible for the oversight of our risk management processes, the board is assisted in this task by a number of its committees and committees of the Bank's board of directors. These committees are primarily responsible for considering and overseeing the risks within their particular area of concern. For example, our audit committee focuses on financial reporting and operational risk. As provided in its charter, the audit committee meets regularly with management, our independent registered public accountants and our internal auditors, to discuss the integrity of our financial reporting processes and internal controls as well as the steps that have been taken to monitor and control risks related to such matters. Our Bank's loan committee is primarily responsible for credit and other risks arising in connection with our lending activities, which includes overseeing management committees that also address these risks. The Bank's investment committee monitors our interest rate risk, with the goal of structuring our asset-liability composition to maximize net interest income while minimizing the adverse impact of changes in interest rates on net interest income and capital. Finally, our compensation committee, whose duties are described in more detail below, evaluates the risks that our executive compensation programs may generate.

Each committee meets regularly with management to assist management in identifying all of the risks within such committee's areas of responsibility and in monitoring, and where necessary taking appropriate action to mitigate, the applicable risks. At each board meeting, the committee chairman provides a report to the full board of directors on issues related to such committee's risk oversight duties. To the extent that any risks reported to the full board need to be discussed outside the presence of management, the board will call an executive session to discuss these issues.

We believe the board's approach to fulfilling its risk oversight responsibilities complements its leadership structure. In his capacity as chairman of the board, Mr. McGraw reviews whether board committees are addressing their risk oversight duties in a comprehensive and timely manner. Since he is also our chief executive officer, Mr. McGraw is able to assist these committees in fulfilling their duties by (1) requiring that our management team provides these committees with all requested reports and other information as well as with access to our employees and (2) implementing recommendations of the various board committees to mitigate risk. At the same time, Mr. Creekmore, as our lead director, is able to lead an independent review of the risk assessments developed by management and reported to the committees.

How are directors compensated?

The compensation committee recommends the compensation for our non-employee directors; our full board of directors approves or modifies the recommendation. Any modifications are implemented May 1 after the annual meeting.

For the period May 1, 2011, through April 30, 2012, each non-employee director received an annual cash retainer in the amount of \$22,500, paid in equal monthly installments, while the lead director received an additional \$6,500 paid in equal monthly installments. The chairman of the audit committee was paid \$1,000 per meeting, while the other members of the audit committee were paid \$500 for each audit committee meeting attended. Except for audit committee meetings, our non-employee directors were paid \$350 for each committee meeting they attended. We also paid our directors fees for service on our state bank boards. Each of our non-employee directors who served on one of our state bank boards was paid a cash retainer of \$3,000, paid in equal monthly installments, and a \$200 fee for attendance at state bank board committee meetings.

Our board modified the compensation structure for our non-employee directors following the 2012 annual shareholders meeting. Effective May 1, 2012, the annual cash retainer paid to each non-employee director in monthly installments was reduced to \$15,000. Directors also received an annual award of time-based restricted stock with a value of \$10,000, which vests as of the date of the 2013 annual meeting. The additional amount paid to our lead director increased to \$7,500, payable in monthly installments. The chairman of the audit committee is paid an annual retainer in the amount of \$6,000, while the chairman of each of the compensation committee, executive committee and loan committee receives an annual retainer in the amount of \$3,000, each of which is paid in equal monthly installments. All other committee chairmen receive \$750 for each committee meeting chaired, while each other committee member receives \$500 for each committee meeting attended. No change was made to the compensation paid for service on our state bank boards.

Directors who are also our employees receive no additional compensation for their service as directors, but they are reimbursed for any direct expenses incurred to attend our meetings.

During 2012, the Bank maintained two types of deferred compensation plans in which our non-employee directors were eligible to participate. Under one plan, the Deferred Stock Unit Plan, or the "DSU Plan," deferred retainer and fees are deemed invested in units representing shares of our common stock and are credited with dividend equivalent units as and when we pay dividends. Units are allocated to each participant's account based on a quarterly average market price. Under the other plan, the Directors' Deferred Fee Plan, or the "Deferred Fee Plan," deferred retainer and

[Table of Contents](#)

fees are notionally invested in accordance with the instructions of each participating director. Investment alternatives offered under the Deferred Fee Plan include the Moody's Average Corporate Bond Rate, or the Moody's Rate, which was a weighted average interest rate of 4.35% in 2012, as well as a limited number of publicly-traded mutual funds, all of which funds are also investment alternatives under our 401(k) plan. For both the DSU Plan and the Deferred Fee Plan, deferral elections are made annually, before the beginning of each fiscal year, and all of the director's compensation is available for deferral. Amounts held under either plan are payable when a director ceases to serve as a member of the board or attains a specified age. Under the DSU Plan, deferred amounts are paid in the form of shares of our common stock; under the Deferred Fee Plan, deferred amounts are paid in cash.

Our directors may elect coverage under the Bank's group medical and dental plans for themselves and their eligible dependents. Directors pay for coverage at the premium rates charged, from time to time, to active employees of the Company and the Bank. The Bank also provides term life and accidental death and dismemberment insurance to our directors, each with a face amount equal to \$10,000.

The following table summarizes the compensation paid to our non-employee directors during the 2012 fiscal year:

The dollar amount reflects the aggregate fair value determined as of the date of award, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, "Stock Compensation." Dividends payable on restricted stock awards are not included in our fair value determination of such award. Please refer to Note N, "Employee Benefit and Deferred Compensation Plans," in the Notes to Consolidated Financial Statements in Item 8, "Financial Statements and Supplementary Data," of our Annual Report on Form 10-K for the year ended December 31, 2012 for details regarding the assumptions used to derive the fair value of our restricted stock and stock options.

⁽³⁾ Consists of above-market earnings on retainer and fees deferred under the Deferred Fee Plan. Interest earned on deferred amounts is considered above-market only if the interest rate exceeded 120% of the applicable federal long-term rate with compounding as prescribed by the Internal Revenue Service.

⁽⁴⁾ Consists of (a) the portion of medical and dental plan premiums paid by us for directors electing such coverage, (b) term life and accidental death and dismemberment premiums in the amount of \$25 for each director, and (c) cash dividends paid on restricted stock awards.

⁽⁵⁾ Mr. Glenn's restricted stock award was forfeited on account of his resignation from the board on December 31, 2012.

How many meetings did the board hold during 2012?

Our board held nine meetings during 2012. All directors attended at least 75% of the total number of board meetings and the meetings of the committees on which they served. The members of the board who are “independent directors” under Nasdaq Rule 5605(a)(2) met in executive session six times during 2012.

We do not have a policy requiring director attendance at our annual meeting. All of our current directors attended the 2012 annual meeting. We expect our entire board to attend this year’s annual meeting.

What committees has the board established?

The board of directors of the Company has established an audit committee, a compensation committee and a nominating and governance committee, among others. The composition and responsibilities of the audit committee and the nominating and governance committee are described below. The composition and responsibilities of the compensation committee are described in the “Executive Compensation—Compensation Discussion and Analysis” section below under the question “*Who is responsible for determining executive compensation?*”

Who serves on the audit committee, and what are its responsibilities?

Frank B. Brooks, Jill V. Deer, Marshall H. Dickerson, John T. Foy, Theodore S. Moll and Michael D. Shmerling are the members of the audit committee. The board has determined that each member of the audit committee (1) is an “independent director” as defined in Rule 5605(a)(2) of the Nasdaq Marketplace Rules, (2) meets the criteria for independence in Rule 10A-3 of the Exchange Act and (3) satisfies the other requirements for audit committee membership under the Nasdaq Marketplace Rules. The board has determined that Theodore S. Moll qualifies as an “audit committee financial expert” under applicable SEC rules and regulations and satisfies the financial sophistication requirements under Rule 5605(c)(2)(A) of the Nasdaq Marketplace Rules. During 2012, the audit committee held 16 meetings.

The audit committee has adopted a written charter, a copy of which is available at www.renasant.com, by clicking on “Corporate Overview,” and then “Governance Documents,” and then “Audit Committee Charter.”

The audit committee reviews our financial reporting process on behalf of the board of directors. The audit committee’s duties and responsibilities include the following:

- Appointing, compensating and overseeing our independent registered public accountants;
- Monitoring the integrity of our financial reporting process and system of internal controls;
- Monitoring the independence and performance of our independent registered public accountants and internal auditing department;
- Pre-approving all auditing and permitted non-audit services provided by our independent registered public accountants;
- Providing an avenue of communication among our independent registered public accountants, management, the internal auditing department and the board of directors; and
- Establishing procedures for (1) the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters, and (2) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

Who serves on the nominating and governance committee, and what are its responsibilities?

The nominating and governance committee interviews, evaluates, nominates and recommends individuals for membership on our board of directors and the board’s committees. The members of the nominating and governance committee are John M. Creekmore, Marshall H. Dickerson, Neal A. Holland, Jr., Theodore S. Moll and Michael D. Shmerling (T. Michael Glenn was also a member of this committee until his resignation from the board). Each of the current members of the nominating and governance committee is an “independent director” as defined under Rule 5605(a)(2) of the Nasdaq Marketplace Rules. During 2012, the nominating and governance committee held five meetings.

The nominating and governance committee has adopted a written charter, a copy of which is available at www.renasant.com, by clicking on “Corporate Overview,” and then “Governance Documents,” and then “Nominating and Governance Committee Charter.”

The nominating and governance committee evaluates potential new directors based upon the needs of the board and the Company. The committee’s objective is to craft a board composed of individuals with a broad mix of backgrounds and experiences and possessing, as a whole, all of the skills and expertise necessary to guide a publicly-traded company like us in the prevailing business environment. The committee uses the same criteria to assess all candidates for director, whether proposed by the committee itself, by a shareholder or otherwise. In addition to the eligibility requirements in our Bylaws, the criteria include, without limitation, whether the candidate possesses the following qualifications and qualities:

- Independence for purposes of Rule 5605(a)(2) of the Nasdaq Marketplace Rules and SEC rules and regulations;
- Experience in banking, or in marketing, finance, legal, accounting or other professional disciplines;
- Familiarity with and participation in the local communities in which we do business;
- Prominence and reputation in his or her profession;

Table of Contents

- Record of honest and ethical conduct, personal integrity and independent judgment;
- Ability to represent the interests of our shareholders; and
- Ability to devote time to the board of directors and to enhance their knowledge of our industry.

Neither the board nor the nominating and governance committee has adopted a formal policy with regard to the consideration of diversity when evaluating candidates for election to the board. However, the nominating and governance committee believes that board membership should reflect diversity in its broadest sense, and so it does consider a candidate's gender, ethnicity experience, education, geographic location and difference of viewpoint when evaluating his or her qualifications for election to the board. Whenever the nominating and governance committee evaluates a potential candidate, the committee considers that individual in the context of the composition of the board as a whole.

Usually, nominees for election to the board are proposed by the current members of the board. The nominating and governance committee also considers candidates that shareholders and others recommend. Shareholder recommendations should be addressed to: Secretary, Renasant Corporation, 209 Troy Street, Tupelo, Mississippi 38804-4827. Your recommendations must be submitted to us no earlier than December 24, 2013, and no later than January 23, 2014, for consideration as a possible nominee for election to the board at our 2014 annual meeting.

The specific requirements of our advance notice and eligibility provisions, which apply to shareholder recommendations of candidates for director, are set forth in Article III, Section 9, of our Bylaws, a copy of which is available upon request. Among other things, a shareholders' notice must include the following information as to each nominee:

- The reason for making the nomination;
- All arrangements or understandings between or among the recommending shareholder(s) and the nominee, as well as any information that would have to be disclosed under Item 404 of Regulation S-K if the recommending shareholder (and any beneficial owner on whose behalf the recommendation has been made) was the registrant;
- All information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in a contested election pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and
- The nominee's written consent to being named in the proxy statement and to serve as a director if elected.

The shareholders' notice must also set forth the name and address of the nominating shareholder and information relating to, among other things (1) all direct and indirect ownership interests (including hedges, short positions and derivatives) and economic interest in our stock (such as rights to dividends) and all proxies and other arrangements to vote our stock held by the nominating shareholder, and (2) all other information that the shareholder would be required to disclose under Section 14 of the Exchange Act in connection with the solicitation of proxies by such shareholder. If a shareholder intends to recommend a nominee for election as director on behalf of the beneficial owner of the shares that the recommending shareholder is the record owner of, the recommending shareholder must also provide the information described above with respect to the beneficial owner.

How does the board respond to shareholder questions?

The board has not adopted a formal procedure that you must follow to send communications to it, but it does have informal procedures, described below, which it believes adequately facilitate shareholder communications with the board.

Shareholders can send communications to the board by contacting Kevin D. Chapman in one of the following ways:

- By writing to Renasant Corporation, 209 Troy Street, Tupelo, Mississippi 38804-4827; Attention: Chief Financial Officer;
- By e-mail to KChapman@renasant.com; or
- By phone at (662) 680-1450.

If you request information or ask questions that can more efficiently be addressed by management, Mr. Chapman will respond to your questions instead of the board. He will forward to the audit committee any communication concerning employee fraud or accounting matters and will forward to the full board any communication relating to corporate governance or those requiring action by the board of directors.

Are directors and officers indebted to the Bank?

Certain of our directors and officers, businesses with which they are associated, and members of their immediate families are customers of the Bank and have entered into loan transactions with the Bank. In the opinion of the board of directors, these transactions were made in the ordinary course of the Bank's business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank, and did not involve more than the normal risk of collectability or present other unfavorable features.

Are there any other related party transactions?

The Bank employs the son of R. Rick Hart, an executive officer and a director, as a vice president. Mr. Hart's son was an employee of Capital prior to the merger and continues to work in the same capacity at a branch located in Nashville, Tennessee. His salary is consistent with the salary paid to similarly-situated employees of the Bank.

What are our policies and procedures for the review, approval and ratification of related party transactions?

We expect our directors, officers and employees to act and make decisions that are in our best interests and encourage them to avoid situations which present a conflict between our interests and their own personal interests. Under our code of ethics, our directors, officers and employees are prohibited from taking any action that may make it difficult for them to perform their duties, responsibilities and services to us in an objective and fair manner. A copy of our Code of Ethics is available at www.renasant.com by clicking on "Corporate Overview," and then "Governance Documents," and then "Code of Ethics."

The entire board of directors is responsible for reviewing and approving or ratifying all material transactions between us and our subsidiaries with any related party. To identify related party transactions, each year we require our directors and officers to complete Director and Officer Questionnaires identifying any transactions with us in which the officer or director or their immediate family members have an interest. When the board reviews, approves or ratifies related party transactions, the director associated with the matter must abstain from voting and, typically, is not present while discussions and deliberations are held. Related parties include any of our directors or executive officers, their immediate family members and businesses with which they are associated. The types of transactions that must be reviewed and approved include extensions of credit and other business relationships.

We review related party transactions due to the potential for a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with our interests. Our Code of Ethics requires all directors, officers and employees who may have a potential or apparent conflict of interest to immediately notify the chairman of the audit committee. Other than our Code of Ethics, our related party transaction policy is not in writing.

Are there any legal proceedings involving a director or executive officer and Renasant or the Bank?

We are not aware of any current legal proceedings involving any of our directors or executive officers and either the Bank or us.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis section, or CD&A, describes the Company's compensation program for our named executive officers, or NEOs. Generally speaking, under applicable SEC rules each person who served as our principal executive officer and our principal financial officer during 2012, plus our three most highly-compensated executives for 2012 other than our principal executive and principal financial officers, are our NEOs. Our NEOs for 2012 are Mr. McGraw, Mr. Chapman, Mr. Johnson, Mr. Hart, Mr. Waycaster and Mr. Ross. As more fully described below, our compensation committee is charged with establishing, reviewing and administering our executive compensation program, including making recommendations to the board about the compensation of our named executive officers. Except as may be limited by applicable law, stock exchange rules and its charter, the compensation committee may delegate its authority to the extent it deems necessary or appropriate. Responsibility for the ministerial or day-to-day administration of our executive compensation program has been delegated to officers of the Bank.

[Table of Contents](#)

Who is responsible for determining executive compensation?

The compensation committee recommends to our full board the amount and type of compensation for our NEOs and our directors. The compensation committee consists of Frank B. Brooks, John M. Creekmore, Neal A. Holland, Jr., J. Niles McNeel and Albert J. Dale, III, who is the chairman (T. Michael Glenn was a member of this committee until his resignation). Each member of the compensation committee is an “independent director” under the Nasdaq Marketplace Rules. Each member is also a “non-employee director,” as defined in Rule 16b-3 promulgated under the Exchange Act. The compensation committee meets with the frequency necessary to perform its duties and responsibilities. The committee met a total of five times during 2012.

The compensation committee has adopted a written committee charter that details its authority, powers and responsibilities, a copy of which is available at www.renasant.com, by clicking on “Corporate Overview,” and then “Governance Documents,” and then “Compensation Committee Charter.” The committee periodically reviews the charter and makes appropriate revisions.

The compensation committee usually determines its recommendations for our NEOs’ compensation for an upcoming year at its December meeting. At this meeting, the committee evaluates the performance of our NEOs during the past year and recommends adjustments to base salaries and individual grants of stock options and awards of restricted stock to be made for the upcoming year, including any performance objectives that must be satisfied as a condition of any grant or award. In addition, the committee determines the amount of our NEOs’ annual cash bonuses for the immediately completed fiscal year and, to the extent any equity compensation for that year was contingent on the attainment of performance goals, determines whether and to what extent the goals have been satisfied.

Recommendations for our NEOs’ base compensation, grants and awards for our 2012 fiscal year were made at the compensation committee’s December, 2011, meeting and approved by the board at its January, 2012, meeting.

Role of Our Officers. Our executive officers compile and provide information, make recommendations, and assist in the management and administration of our executive compensation plans. Their responsibilities may include, but are not limited to, the following:

- Recommending pay levels and option grants and restricted stock awards for key executive officers, other than our chief executive officer;
- Recommending changes to ensure that our compensation programs remain competitive and aligned with our objectives; and
- Providing information and data to the committee, including, but not limited to: (1) information concerning Company and individual performance; (2) information concerning the attainment of our strategic objectives; (3) the common stock ownership of each executive and his option holdings; (4) information about equity compensation plan dilution; (5) quantification of all forms of compensation payable to our executives; and (6) peer group compensation and performance data.

Our executive officers may attend meetings at the request of the committee, except that Mr. McGraw is not present during the deliberations of his compensation. A portion of each of the five meetings held during 2012 was in executive session during which none of our executive officers was present.

Using Compensation Consultants. For 2012, the compensation committee retained Pearl Meyer & Partners, LLC (“Pearl Meyer”) to provide advice regarding the amount and form of compensation for our NEOs. Among other matters, Pearl Meyer developed market values for the salaries, bonuses and long-term incentives we pay or provide to our executive officers, including an analysis of the salaries, bonuses and long-term incentives paid by our peer group. The committee used this information to assess the competitiveness of our pay practices for this group.

In connection with its retention of Pearl Meyer, the compensation committee assessed whether Pearl Meyer was independent of the Company and concluded that it was. In addition, the compensation committee determined that Pearl Meyer’s services to it did not create any conflicts of interest among Pearl Meyer, the Company or any member of the compensation committee.

What are the objectives of our compensation program?

The fundamental purpose of our executive compensation program is to assist us in achieving our financial and operating performance objectives. Specifically, our compensation program has three basic objectives:

- To attract, retain and motivate our executive officers, including the named executive officers;

Table of Contents

- To reward executives upon the achievement of measurable corporate, business unit and individual performance goals; and
- To align each executive's interests with the creation of long-term shareholder value, without encouraging excessive risk taking.

What are the specific elements of the compensation program, and what are they intended to address and reward?

Our compensation program consists of five elements:

- *Base salary:* This element is intended to directly reflect an executive's job responsibilities and his value to the Company; we also use this element to attract and retain our executives and, to some extent, reward each executive for his individual efforts in furthering our strategic goals.
- *Annual short-term cash incentives:* The annual cash bonus is one of the performance-based elements of our compensation; it is intended to motivate our executives and to provide a current or immediate reward for short-term (annual) measurable performance. Our cash bonus is paid based on the achievement of measureable performance goals; as a general matter, we do not pay discretionary bonuses.
- *Equity-based incentives:* Grants of stock options and awards of restricted stock are the most important methods we use to align the interests of our named executive officers with the interests of our shareholders; they are also another element of performance-based compensation, which rewards measurable performance both on a long-term basis (stock options) and on a short-term basis (restricted stock).
- *Perquisites, welfare benefits and retirement plans:* These benefits and plans are intended to attract and retain qualified executives by ensuring that our compensation program is competitive and provides an adequate opportunity for retirement savings; to a limited degree these programs tend to reward long-term service and loyalty to the Company.
- *Change in control arrangements:* These arrangements provide a form of severance that is payable in connection with a change in control of the Company. They are primarily intended to align the interests of our executives with our shareholders by providing a financial transition in the event of a separation from employment in connection with or following a change in control.

Do we "benchmark" total compensation or any element of compensation?

No. We do not believe it is appropriate to determine total compensation, or any element of compensation, based primarily on benchmarking, which is the practice of setting compensation (or justifying the level of compensation) based upon the compensation of similarly-situated executives at other companies similar in size, industry and other characteristics. We do, however, review information about compensation practices at similar companies to ensure that our compensation remains at competitive and responsible levels. In 2012, the peer group we used for these limited purposes included 21 publicly-traded financial institutions located primarily throughout the southeastern United States, listed below. The following table provides information about the demographics of this peer group:

<u>Demographic</u>	<u>Range</u>	<u>Median</u>
Total assets	\$2.7 billion – \$12.1 billion	\$4.4 billion
Market value of stock	.36 billion – 2.7 billion	.8 billion
Net income	26 million – 146 million	58 million

Peer group companies: BancFirst Corporation; Bank of the Ozarks, Inc.; Capitol Federal Financial, Inc.; City Holding Company; Community Trust Bancorp, Inc.; First Financial Bankshares, Inc.; Home BancShares, Inc.; Iberiabank Corporation; Old National Bancorp; Pinnacle Financial Partners, Inc.; Prosperity Bancshares, Inc.; Republic Bancorp, Inc.; SCBT Financial Corporation; Simmons First National Corporation; Southside Bancshares, Inc.; State Bank Financial Corporation; Texas Capital Bancshares, Inc.; Trustmark Corporation; United Bankshares, Inc.; ViewPoint Financial Group, Inc.; WesBanco, Inc.

How are the relative amounts of each element of compensation determined?

An NEO's total compensation is based on the compensation committee's and the board's judgment regarding the NEO's value to the Company, his past performance and his ability to help us achieve our financial and operating performance objectives. The committee does not use a specific formula to determine the amounts of each element of an NEO's total compensation. Instead, the committee evaluates the total compensation proposed to be paid to each executive and makes individual compensation recommendations that provide for significant exposure to equity, a substantial performance-based component and an appropriate mix of short-term and long-term rewards.

The committee has not adopted specific stock ownership or holding guidelines that would affect its recommendations. Instead, in determining whether compensation should be paid in the form of our common stock or cash (both overall and with respect to performance-based compensation in particular), the committee considers with respect to each executive: (1) amounts accumulated and payable in cash from our retirement plans; (2) amounts to be paid as cash severance under employment or change in control agreements; and (3) current holdings of our common stock. For the 2012 fiscal year, an average of 14.70% of our NEOs' total compensation was paid in the form of equity, as stock options and restricted stock.

[Table of Contents](#)

As to how much of each executive's aggregate compensation should be performance-based, the compensation committee attempts to create meaningful incentives that are intended to motivate our NEOs to achieve our financial and operating objectives while maintaining a reasonable level of compensation even if the performance goals are not satisfied. The committee also considers the level of risk-taking that the performance-based compensation might encourage.

Finally, as to the balance between short-term and long-term rewards, the committee does not use a fixed percentage. Instead, the committee considers the various short-term and long-term goals that have been set for the Company and the particular executive's ability to impact such goals.

What percentage of our named executive officers' total compensation was subject to the attainment of performance goals?

Cash bonuses and restricted stock awards are subject to the attainment of short-term performance goals. The following table illustrates the percentages of each NEO's total compensation subject to performance goals for the 2012 fiscal year; the percentages assume that target performance was achieved.

<u>Named Executive Officer</u>	<u>Performance Pay as Percentage of 2012 Fiscal Year Total Compensation</u>
E. Robinson McGraw	38.47%
Kevin D. Chapman	30.25%
Stuart R. Johnson	7.71%
R. Rick Hart	20.58%
C. Mitchell Waycaster	32.14%
Michael D. Ross	32.66%

The committee concluded that these levels of performance-based compensation are appropriate to align the interests of our NEOs with the Company's objectives, but are unlikely to motivate an NEO to take risks that might expose us to adverse consequences. The committee considers options as a form of longer-term performance based compensation. However, since the vesting of options is based on service and not subject to the attainment of short-term performance goals, options are not included in the above percentages.

How have the results of the shareholder advisory vote on our executive compensation program affected our decisions with respect to compensation?

At the 2011 annual meeting, as disclosed in our Current Report on Form 8-K filed with the SEC on April 22, 2011, our shareholders overwhelmingly adopted a nonbinding resolution approving the compensation paid to our executive officers. Approximately 14.5 million votes (or about 95.7% of all votes cast) were cast in favor of adopting this resolution, while only about 500,000 votes were cast against the resolution (there were also 160,000 abstentions). The compensation committee and the board consider this vote to be an endorsement of our compensation philosophy, including our balance between cash and equity and between performance-based and non-performance-based compensation. Based upon the shareholders' vote, the compensation committee believes that significant modifications to our executive compensation program are not necessary at this time, although both the committee and the board intend to monitor our executive compensation program to ensure that it continues to further the program's objectives.

At the 2011 annual meeting, a majority of our shareholders recommended that the nonbinding shareholder advisory vote on our executive compensation occur every three years. The next shareholder advisory vote will be held in 2014.

How is base salary determined and adjusted?

Considerations. Unless adjustments are fixed under an employment or similar agreement, the committee reviews and recommends the adjustment of base salary annually. Adjustments are based upon a review of a variety of factors, including the following:

- Individual, Company, Bank and division performance, measured against quantitative and qualitative goals;
- Duties and responsibilities; and
- Compensation paid by our peer group.

2012 Fiscal Year Decisions. The 2012 base salaries of our named executive officers are included in the Summary Compensation Table that follows this section. For 2012, base salaries increased an average of \$18,192, or an average of 5.97%, over the base salaries paid in 2011. In determining the increase in our NEO's base salary, other than Mr. Hart,

[Table of Contents](#)

the committee considered the Company's performance in relation to prior year results, whether and to what extent the Company's performance goals were achieved and the Company's performance in relation to our peers and concluded that the Company had a successful year, especially in light of the economic climate. Additionally, the committee noted the contribution of each NEO to the Company's performance results. For 2012, Mr. Hart received the 5% annual increase provided in his employment agreement.

How is the annual cash bonus determined?

Considerations. Our annual bonus is made through our Performance Based Rewards Plan, or our "Bonus Plan," under which annual cash bonuses may be paid to all of our executives. Each year, the annual bonus for our named executive officers is determined using the following process:

- Before or at the beginning of each fiscal year, the compensation committee: (1) determines the performance goals for the year, which may relate to our performance, Bank or division performance, the performance of each executive, or a combination thereof; (2) sets threshold, target and superior levels of performance; and (3) determines bonus amounts, expressed as a percentage of base compensation, payable upon the attainment of each performance level.
- At the end of each fiscal year, the committee determines actual performance and the amount of the bonus payable to each executive. If actual performance falls between performance levels, the committee prorates the amount to reflect partial performance. No incentive is paid if threshold levels are not attained. The board of directors reviews and approves (or modifies) the committee's recommendations regarding bonus payments.

After the determination of bonus amounts, the compensation committee may, in its discretion, adjust the amount to ensure that it accurately reflects performance.

2012 Fiscal Year Goals. The committee adopted the performance goals below to reflect performance at threshold, target and superior levels for our 2012 fiscal year, which it believed were measures likely to result in enhanced shareholder value (amounts in parenthesis represent negative growth goals):

<u>Company Performance Goal</u>	<u>Weight</u>	<u>Threshold Performance Level</u>	<u>Target Performance Level</u>	<u>Superior Performance Level</u>
Growth in diluted earnings per share	60% of incentive	(.98%) growth	3.92% growth	8.82% growth
Growth in net revenue per share	40% of incentive	(.80%) growth	(.11%) growth	.52% growth

As a percentage of each executive's base salary, the committee also determined that the amounts below would be paid for performance at the designated threshold, target, and superior levels. The committee believed that these amounts were appropriate in light of the corresponding level of Company growth required to achieve each goal.

<u>Named Executive Officer</u>	<u>Threshold Performance Level</u>	<u>Target Performance Level</u>	<u>Superior Performance Level</u>
E. Robinson McGraw	32.5% of base salary	65% of base salary	130% of base salary
Each of the other NEOs	15% of base salary	30% of base salary	60% of base salary

2012 Fiscal Year Performance. In determining the performance goals for 2012, the committee recognized that our diluted earnings per share and net revenue per share were likely to decline from 2011 on account of the significant, one-time gains we recognized in 2011 as a result of our acquisition of certain assets and liabilities of American Trust Bank in an FDIC-assisted transaction and the acquisition of the Alabama trust operations of RBC Bank. As a result, certain performance goals for 2012 were established which could reward negative growth. In the committee's opinion, negative growth was meaningful in light of the significance and one-time nature of the gains recorded in these transactions. For 2012, our diluted earnings per share increased 3.92%, which was at target level, while our net revenue per share increased 3.95%, which exceeded superior level. Substantially all of our executives received payments determined under the formula; the committee also exercised "negative" discretion, decreasing the formula amount if it determined that an individual's contributions to the Company's performance did not support full (or any) payment.

How is equity compensation determined and paid?

Considerations. Equity compensation has been granted and awarded under our 2001 Long-Term Incentive Plan, or the 2001 LTIP, in the form of stock options and restricted stock. The 2001 LTIP expired in October, 2011, and was replaced with our 2011 Long-Term Incentive Compensation Plan, or the 2011 LTIP (the 2001 LTIP and the 2011 LTIP are sometimes referred to as the LTIPs). All 2012 grants and awards of equity compensation were made under the 2011 LTIP. Except for the authorization for our non-employee directors to receive grants and awards from the plan, including an annual award of shares of our stock to these directors, and the inclusion of a recovery or clawback policy, the 2001 LTIP and the 2011 LTIP have substantially the same terms.

[Table of Contents](#)

The committee uses equity compensation to create both short-term and long-term incentives that align the interests of our executives with the interests of our shareholders in a manner that does not encourage excessive risk-taking. The committee uses restricted stock to provide immediate alignment of executive and shareholder interests. We believe this alignment occurs because our executives become shareholders from the date of award and thus immediately benefit from increases in our stock price. The committee uses options to incent longer-term performance because options have value only to the extent our share price increases during the exercise period.

In determining the overall amount of equity compensation, as well as the relative amounts of stock options and restricted stock to be granted and awarded, the committee considers the following criteria as to each named executive officer:

- The position, responsibility and prior performance of each executive;
- The executive's ability to affect corporate performance on a long-term and short-term basis;
- The value of grants or awards in relation to other elements of total compensation; and
- The number of shares of our common stock that he currently owns, whether directly or beneficially.

The committee's practice is to recommend grants or awards for a fiscal year at the end of the immediately preceding fiscal year or in January of such fiscal year, irrespective of whether or not we are in possession of material non-public information at that time. Ordinarily, our board reviews the recommendations and makes the final grants and awards early in each fiscal year. The committee believes that the practice of making grants and awards about the same date each year precludes any inference that we are attempting to manipulate the timing of our stock option grants and restricted stock awards to take advantage of non-public information. We do not backdate options or grant options retroactively.

Options. Under our LTIPs, the exercise price for stock options cannot be less than "fair market value," which is defined as the closing sales price of our common stock on the date immediately preceding the grant date. Unless the board otherwise provides, options vest and become exercisable in equal installments over a three-year period, and lapse or expire ten years after the grant date. Unless otherwise provided by the board, the vesting of options is accelerated and an executive's options remain exercisable for not less than six months following a change in control of the Company.

Restricted Stock. The committee utilizes both time-based and performance-based restricted stock. Performance-based restricted stock awards to our named executive officers are typically subject to a one-year service vesting requirement and the attainment of performance goals during the one-year period. Shares are awarded in increasing amounts for threshold, target and superior performance, using the same performance goals applicable to our annual cash bonus. Shares in the target amount are issued at the beginning of each fiscal year. The issued shares may not be sold, pledged or otherwise transferred until the end of the fiscal year. The target shares are subject to forfeiture if threshold performance goals or the service condition is not satisfied; the number of target shares may be increased or decreased at the end of the fiscal year for actual performance in relation to the target level. Unless otherwise provided by the board, the target shares vest, free of restrictions, in the event of a change in control of the Company. Time-based restricted stock awards are subject to vesting based on service requirements established by the committee. Recipients of restricted stock awards are entitled to dividend and voting rights with respect to the target shares during the service vesting period.

Recovery Policy. The 2011 LTIP includes a recovery or "clawback" provision that applies to any grant or award made subject to the attainment of performance goals. If we are required to restate our financial statements or other financial measures, the committee possesses the authority to reduce, forfeit, recover or clawback all or any portion of an incentive that was awarded based upon the statements or measures, whether or not the incentive is then vested or otherwise free of forfeiture restrictions. The committee possesses the authority to limit any clawback to our executive and accounting officers and to the portion of the incentives granted, awarded or vested in excess of the amount that would have been granted, awarded or vested based upon the restated results.

2012 Fiscal Year Decisions. The Summary Compensation Table and the Grants of Plan Based Awards table, which follow this discussion, each provide specific information about the options granted and restricted stock awarded for the 2012 fiscal year and the number of shares of restricted stock issuable in the event of threshold, target or superior performance. With respect to the options granted, the committee concluded that the number and three-year service-based vesting conditions, which were substantially consistent with our prior practice, provided an appropriate incentive not directly contingent upon the Company's short-term performance or current market conditions.

The 2012 performance criteria applicable to the restricted stock awards were the same as the performance criteria applicable to our annual cash bonuses, summarized above. Based upon our performance, which was between threshold

and target with respect to diluted earnings per share and exceeded superior with respect to net revenue per share, an aggregate of 25,800 shares of common stock were awarded to our NEOs for 2012. Mr. McGraw was also awarded 7,500 shares of time-based restricted stock with a one-year service requirement.

How are perquisites and welfare and retirement plans integrated into our compensation program?

Perquisites. Perquisites comprise a small part of our total compensation package. The main perquisites we provide are the payment of country club dues and an automobile allowance or use of a company-owned automobile. Although these perquisites involve incidental personal value, we believe both are necessary to advance our business purposes. The compensation committee annually reviews the level of perquisites that our named executive officers receive to ensure that the amount of perquisites remains at a reasonable level.

Welfare Benefits. We maintain a number of broad-based benefit plans that are available to all of our employees, including group medical, dental and life insurance plans, some of which are contributory. Our NEOs may participate in these plans.

Retirement Benefits. We offer our eligible employees, including our NEOs, participation in a tax-qualified defined contribution 401(k) plan, which allows savings for retirement on a tax deferred basis. We provide matching contributions, up to 4% of compensation deferred, and we contribute an additional 5% of each eligible employee's plan compensation and an additional 5% of plan compensation in excess of the Social Security wage base, subject to certain limits imposed under the plan and applicable law. Our contributions are subject to the completion of a six-year incremental vesting period. The plan provides for the distribution of account balances following separation from employment, generally in the form of a single sum. The Summary Compensation Table includes information about our contributions for the benefit of our NEOs in the 2012 fiscal year.

We also sponsor a noncontributory tax-qualified defined benefit or pension plan. Prospective benefit accruals under the plan ceased as of December 31, 1996. Messrs. McGraw, Johnson and Waycaster have vested benefits accrued under the plan. Messrs. Chapman, Hart and Ross are not eligible to and did not participate in the plan. Vested plan benefits are paid monthly at either early or normal retirement. Mr. McGraw has satisfied the conditions for normal retirement because he has attained age 65. Mr. Johnson has satisfied the conditions for early retirement because he has attained age 55 and completed 15 years of service. As of December 31, 2012, Mr. McGraw's annual retirement benefit was \$49,983, while Mr. Johnson's annual early retirement benefit was \$15,813. The Pension Benefits table following this section illustrates the value of benefits accrued under the plan.

We also maintain an ESOP, under which employer contributions are held and invested in our common stock. This plan was amended in April, 2002, to provide that no additional participants would be added and no further employer contributions would be made. Mr. McGraw, Mr. Waycaster and Mr. Johnson have vested account balances under the ESOP that will be distributed following separation from employment.

We also maintain two voluntary deferred compensation arrangements for our executives, the DSU Plan, in which our directors may also participate, and the Executive Deferred Income Plan, or the "Deferred Income Plan." The Nonqualified Deferred Compensation Table that follows this section reflects voluntary deferrals made to both of these plans made during our 2012 fiscal year. For each plan, deferral elections are made annually, before the beginning of each year.

As described earlier, amounts deferred under the DSU Plan are invested in units representing shares of our common stock and credited with dividend equivalents as and when dividends are paid on our shares. Units are allocated to each participant's account based on a quarterly average market price. All cash compensation is eligible for deferral, subject to the reservation of an amount necessary to satisfy applicable withholding obligations, any deferrals under our 401(k) plan and insurance premiums and similar payroll deductions. Account balances are distributed in the form of shares of our common stock following separation from employment.

Under the Deferred Income Plan, each executive annually elects to defer his base salary, subject to the requirement that base salary be currently paid in an amount sufficient for the payment of applicable insurance premiums, withholdings and similar payroll deductions. Deferred amounts are credited to a bookkeeping account and notionally invested in accordance with the instructions of each executive from among designated investment alternatives, including an interest rate investment that is credited at 100% of the Moody's Rate, which was a weighted average rate of 4.35% for 2012. The Moody's Rate investment was the only investment alternative selected by our NEOs for 2012 deferrals. Amounts deferred before 1989 can remain invested in a notional interest rate investment credited at 130% of the Moody's Rate, which was a weighted average interest rate of 5.65% for 2012. Benefits are equal to each participant's account balance and are paid upon separation from employment. Distributions are made in the manner elected by each participant at the time of deferral, but not more than 15 annual installments. Participants in the plan as of December 31, 2006, including Mr. McGraw, Mr. Johnson and Mr. Waycaster, may receive a preretirement death benefit that is greater than their account balances.

[Table of Contents](#)

Mr. Hart remains a participant in two supplemental executive retirement plans, or “SERPs,” adopted in connection with our merger with Capital. The SERPs provide for the payment of 15 equal annual installments upon his retirement at age 65 or death. The aggregate annual benefit payable from the SERPs is \$155,000 with a 3% annual cost of living adjustment, which accrues and vests upon his death, attainment of age 65 or his involuntary separation from employment without cause, constructive termination or in the event of a change in control.

Have we entered into employment, severance, change in control or other agreements with our named executive officers?

Yes. We have entered into employment agreements with Messrs. McGraw and Hart, which include change in control arrangements. We have entered into change in control agreements with Messrs. Chapman, Johnson, Waycaster and Ross. These individuals are our most senior executives and play an integral role in our success. We believe these arrangements operate to create a retention device and to ensure that personal concerns do not impede transactions that may be in the best interests of our shareholders, such as a sale of Renasant to a third party. The material terms of these arrangements are described in the “Potential Payments Upon Termination or Change in Control” section below.

How do tax, accounting and other statutes or regulations affect the compensation paid to our named executive officers?

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, or the “Code,” limits to \$1 million in any tax year the deduction a company may claim for compensation paid to each of its chief executive and four other highest paid officers. For purposes of calculating the \$1 million limit, compensation made subject to certain performance-based conditions may be excluded. Our base salary and annual cash bonuses are subject to the Section 162(m) limit because they are not considered performance-based. Options granted and restricted stock awarded under our equity incentive plan may be structured as performance-based compensation that is not subject to the limit, or the committee, in its discretion, may grant or award equity compensation that is not performance-based. The committee generally intends that amounts paid to our NEOs will be deductible and makes grants or awards of equity-based compensation consistent with this intent.

Other Statutes, Regulations and Authorities. Section 409A of the Code governs the taxation of deferred compensation. The rules apply to our deferred compensation plans, the SERPs, and certain payments and benefits under our employment and change in control agreements. We believe we have operated our deferred compensation plans and arrangements in a manner consistent with the provisions of Section 409A and have timely amended our affected agreements and plans.

Topic 718. Financial Accounting Standards Board Accounting Standards Codification Topic 718, “Stock Compensation” (“Topic 718”), establishes accounting requirements for share-based compensation to employees and carries forward prior guidance on accounting for awards to non-employees. Under Topic 718, we are required to recognize compensation expense for all share-based payments to our employees, including our named executive officers.

What are our policies and practices regarding the management of risks arising from our compensation program?

As discussed in this CD&A, the major components of our compensation program consist of base salary, annual short-term cash incentives and short- and long-term equity incentives. In our view, our short- and long-term incentive programs, whether cash or equity, are the components most susceptible to creating risk that could have a material adverse effect on us. We also incent the majority of our non-executive officers through our incentive programs, with both short-term cash incentives and equity incentives based on Company-wide earnings enhancement.

We recognize that under any incentive plan there is some risk that employees may attempt to manipulate payments by engaging in excessive risk taking. We believe that the structure of our incentives mitigates this risk in the following ways:

- Company-wide performance metrics are used to measure performance, and incentive compensation is paid on the basis of such performance. In particular, incentives for our lending employees are based on these metrics. This ensures that the outcome of any incentive is not likely to be affected by an employee’s own excessive risk taking.
- Multiple performance metrics are used, making it more difficult to manipulate results.
- Threshold, target and superior performance levels for incentives are based on a budget derived from balance sheet or product growth (i.e. loans, deposits, margins, credit quality, fee income, expense control) projected by executive management, with the approval of the compensation committee. The projected balance sheet or product growth is based on conservative community banking models with the necessary approval and monitoring processes to support this model.
- The committee has retained and exercised the authority to exercise discretion to reduce the amount of incentive compensation.

[Table of Contents](#)

In the fourth quarter of 2012, executive management and the compensation committee undertook a comprehensive evaluation of our compensation policies and practices, including our incentive programs, to determine whether any policy or practice creates risk reasonably likely to have a material adverse effect on us. Executive management and the compensation committee concluded that our compensation practices, including the incentive programs, did not create any risk reasonably likely to have such a material adverse effect on us, for the following reasons:

- The incentive components of our compensation structure are balanced and designed to align our structure with short- and long-term shareholder interests;
- Base salary is the largest component of our compensation. Because base salary is a fixed amount that is inherently not subject to manipulation it lessens the possibility that an employee will focus on incentives;
- All of our incentives are capped at a percentage of base salary, which mitigates against exposure to excessive risk;
- For lenders who participate in our incentive programs, loan quality thresholds must be met as a condition to payment. Our loan quality thresholds are objective measures consistent with our overall goals regarding the performance of our loan portfolio, which are not readily subject to manipulation; and
- We have a code of ethics and business conduct applicable to all of our employees. We also have an ethics hotline which provides the caller a confidential means to report suspected fraud directly to our chief risk officer and the chairman of the audit committee. We have also established internal controls that are designed to alert us prior to any action by an employee that might expose us to an excessive risk. We believe these measures help to create an atmosphere that discourages excessive risk taking.

What are the compensation committee's conclusions with respect to the 2012 fiscal year?

The compensation committee has concluded that (1) the compensation paid to our NEOs for our 2012 fiscal year was reasonable and was not excessive and (2) their actual compensation reinforced the primary objectives of our compensation program – assisting the company in achieving its financial and operating performance objectives. This conclusion is based upon a number of factors, including the following:

- Our financial performance, in particular considering the economic climate;
- That our financial performance occurred while we expanded our footprint in new and existing markets;
- The amount of our NEOs' total compensation made subject to the achievement of performance goals; and
- The total compensation levels for our NEOs are comparable to the compensation levels in our peer group.

⁽¹⁾ Includes amounts deferred under the 401(k) plan, the DSU Plan and the Deferred Income Plan.

⁽²⁾ Except for the bonus we paid to Mr. McGraw in 2010, we do not pay discretionary bonuses; annual cash bonuses are awarded under our Bonus Plan, which is performance-based, and are included in the “Non-Equity Incentive Plan Compensation” column. The payment to Mr. McGraw represents a bonus for his service and time spent serving as President of the Board of Directors of the Mississippi Bankers Association in 2010. The payment to Mr. Hart represents the 2010 and 2011 installments of his contractual retention bonus.

⁽³⁾ The dollar amount of restricted stock awards and stock option grants reflects the aggregate fair value determined as of the date of award or grant, in each case calculated in accordance with Topic 718. Dividends payable on restricted stock awards are not factored into our fair value determination of such award. Excluding the award of 7,500 shares of time-based restricted stock to Mr. McGraw in each of 2011 and 2012, restricted stock awards are subject to performance conditions. Other than \$126,825 and \$112,200 attributable to Mr. McGraw’s time-based restricted stock award in 2011 and 2012, respectively, the amounts listed in the table reflect the probable outcome of the conditions determined as of the date of award; the amount listed is the value of the target award, which is consistent with our estimate of the aggregate compensation cost to be recognized over the applicable service period as of the grant date under Topic 718, excluding forfeitures. The award date fair value of restricted stock awards in 2012, assuming the superior performance goals were achieved, was \$168,300, \$44,800, \$44,800, \$89,760, \$89,760, and \$89,760 for Mr. McGraw, Mr. Chapman, Mr. Johnson, Mr. Hart, Mr. Waycaster and Mr. Ross, respectively. Performance between the target and superior levels was attained in 2012, although the compensation committee exercised negative discretion to eliminate Mr. Johnson’s award. Please refer to Note N, “Employee Benefit and Deferred Compensation Plans,” in the Notes to Consolidated Financial Statements in Item 8, “Financial Statements and Supplementary Data,” of our Annual Report on Form 10-K for the year ended December 31, 2012 for details regarding the assumptions used to derive the fair value of our restricted stock and stock options.

⁽⁴⁾ Reflects annual cash bonuses payable under our Bonus Plan, all or a portion of which may be deferred under our deferred compensation plans. The compensation committee exercised its negative discretion to eliminate Mr. Johnson’s annual cash bonus.

- (5) The listed amounts reflect above-market earnings on amounts deferred under the Deferred Income Plan. Interest earned on deferred amounts is considered above market only if the interest rate exceeded 120% of the applicable federal long-term rate with compounding as prescribed by the Internal Revenue Service. Above-market earnings in 2012 were \$8,779, \$255, \$5,365, \$9,941 and \$816 for Mr. McGraw, Mr. Chapman, Mr. Johnson, Mr. Hart and Mr. Waycaster, respectively. Mr. Ross does not participate in the Deferred Income Plan. For Mr. McGraw, Mr. Johnson and Mr. Waycaster, the amount listed in the table also includes the aggregate change in the actuarial present value of the accumulated benefit under our pension plan from 2011 to 2012, which was \$116,797, \$38,187 and \$22,458, respectively. For Mr. Hart, the amount listed in the table also includes the aggregate change in the actuarial present value of the accumulated benefit under his SERPs from 2011 to 2012, which was \$239,491.

Plan Grants and Awards. The following table includes information about performance levels for annual cash bonuses payable under our Bonus Plan, our non-equity incentive plan, and option grants and restricted stock awards made under the 2011 LTIP. As described in the CD&A above, in 2012, payouts under our Bonus Plan and performance-based restricted stock awarded under the 2011 LTIP were contingent upon growth in diluted earnings per share and net revenue per share. For the 2012 fiscal year, the increase in our diluted earnings per share was greater than the threshold level of performance, and the increase in our net revenue per share satisfied the superior performance level. The CD&A above provides a general description of the material terms of incentives payable under the Bonus Plan and the material terms of stock option grants and restricted stock awards under the 2011 LTIP.

(1) Reflects potential cash incentive payouts calculated under the Bonus Plan.

(2) The exercise price equaled the closing market price of a share of our common stock on the grant date.

(3) Restricted stock awards in 2012 were subject to performance conditions, except for the 7,500 time-based award to Mr. McGraw reflected in the table above. The amounts listed in the table reflect the probable outcome of the conditions determined as of the date of award; the amount listed is the value of the target award, which is consistent with our estimate of the aggregate compensation cost that would be recognized over the applicable service period determined as of the grant date under Topic 718, excluding forfeitures.

- (5) This line item reflects the time-based stock award under the 2011 LTIP, not subject to adjustment based on performance conditions.
- (6) This line item reflects stock option grants under the 2011 LTIP. Stock options are not subject to adjustment based upon performance conditions; instead, options vest ratably over a three-year service period.

Unexercised Options. The following table includes information about unexercised options held by our named executive officers at the end of the 2012 fiscal year. These options were granted under the LTIPs, except for 39,242 options granted to Mr. Hart which we assumed in connection with our acquisition of Capital. The exercise price below is at least equal to our stock's "fair market value." "Fair market value" means the closing market price of a share of our common stock as quoted on the NASDAQ Global Select Market on the date immediately preceding the grant date. Options vest ratably over a three-year vesting period; vesting is accelerated in the event of a change in control.

Exercised Options; Vested Restricted Stock. The following table includes information about options that were exercised and restricted stock actually vested and awarded during our 2012 fiscal year. The value of the restricted stock awards is based upon the per share market value of our common stock on the vesting date, December 31, 2012, which was \$19.14.

Pension and SERP Benefits. The following table includes information about benefits accrued under the Bank's tax-qualified pension plan and Mr. Hart's SERPs. Benefit accruals under the Bank's tax-qualified pension plan ceased as of December 31, 1996. As described above, Mr. McGraw, Mr. Johnson and Mr. Waycaster have satisfied the age and service conditions for normal or early retirement. Mr. Chapman, Mr. Hart and Mr. Ross do not participate in the tax-qualified pension plan. We assumed the SERPs maintained by Capital for the benefit of Mr. Hart in connection with our acquisition of Capital. The CD&A above provides a general description of these plans.

Potential Payments Upon Separation or Change in Control

We have entered into change in control arrangements with each of our NEOs. The provisions applicable to Mr. McGraw and Mr. Hart are included in their employment agreements; the arrangements for Mr. Chapman, Mr. Johnson, Mr. Waycaster and Mr. Ross are included in individual change in control agreements. The following narrative and table describe the compensation and benefits payable to each of our named executive officers in the event of retirement, disability, death, involuntary and voluntary separation from employment, and change in control based upon the terms of these agreements as in effect on December 31, 2012.

We have neither described nor quantified below payments and benefits that are generally available to all employees upon separation from employment, such as vested benefits payable from our tax-qualified pension and retirement plans, accrued but unpaid compensation and vacation pay, and long-term disability benefits funded through group insurance. Also, amounts that are vested and are or may become payable notwithstanding the circumstances of an executive's separation, such as balances under our deferred compensation plans and Mr. Hart's accrued and vested benefits under his SERPs, are not described in the narrative or quantified in the table. A description of our deferred compensation plans and the SERPs is included in the CD&A above.

Applicable Covenants. As consideration for the payments described below, Mr. McGraw and Mr. Hart are subject under their employment agreements to certain restrictive covenants limiting their activities after separation, and Messrs. Chapman, Johnson, Waycaster and Ross are subject to similar covenants under their change in control agreements. Generally, each executive may not solicit any of our officers, employees, customers or depositors and may not compete with us, in any capacity in any location where we have an office on the date of separation. The length of the non-solicitation and non-competition period is two years for each of Messrs. McGraw, Chapman, Johnson, Waycaster and Ross and one year for Mr. Hart.

Retirement. Generally, an executive "retires" when he voluntarily separates from employment between ages 55 and 65; in some circumstances a designated period of service is also required to receive a particular payment or benefit. As of December 31, 2012, only Mr. McGraw and Mr. Johnson satisfied the conditions for retirement. Except as provided below, we do not provide our executives with specific retirement payments or benefits:

- Any vested options granted under the 2001 LTIP will remain exercisable during the one-year period following an executive's retirement, while vested options granted under the 2011 LTIP will remain exercisable during the three-year period following an executive's retirement.
- If an executive retires during our fiscal year, a prorated portion of an executive's restricted stock award will vest at the end of the applicable performance cycle if and to the extent that applicable performance goals are satisfied during the cycle.
- For certain employees employed by the Company as of December 31, 2004, we provide continuation coverage under our group medical plan until age 65, and we pay a portion of the premium; from among our NEOs, Messrs. McGraw, Johnson and Waycaster are covered under the plan, and Messrs. McGraw and Johnson are eligible to receive benefits; if Messrs. McGraw and Johnson had retired as of December 31, 2012, Mr. McGraw would receive no benefit because he has attained age 65, Mr. McGraw's spouse would have received benefits with an annual value of \$3,634, and Mr. Johnson would have received benefits with an annual value of 7,616.
- If an executive retires during our fiscal year, he will receive his annual cash bonus under our Performance Based Rewards Plan at the target level, prorated to reflect the compensation received before retirement.

Death and Disability. We provide group term life insurance coverage for each of our named executive officers. The amount of this coverage may be in excess of the amounts we otherwise provide to our employees.

In the event of death or disability, each executive, other than Mr. McGraw, will vest in a prorated portion of his restricted stock award at the end of the applicable performance cycle if and to the extent that applicable performance goals are attained during the cycle. Mr. McGraw will vest in a prorated portion of his target restricted stock award based upon the period of service before his death or disability. Any vested options will remain exercisable during the one-year period following each executive's death or disability. Each executive will also receive his target award under our Bonus Plan, prorated to reflect base compensation paid during the year in which death or disability occurs. Under the SERPs we assumed in connection with the Capital acquisition, Mr. Hart vests in his maximum annual benefit upon his death, which is an aggregate of \$155,000 with a 3% cost of living increase each year, payable annually for a period of 15 years.

Termination for Cause and Voluntary Separation. Under the arrangements we maintain with each of our executive officers, no benefits or payments vest or become payable upon an involuntary termination of employment for cause or voluntary separation, except as provided above in the event of retirement. We will pay or provide any benefits previously accrued and vested under our tax-qualified plans and our deferred compensation plans and any additional benefits required by law to be provided.

“Cause” has substantially the same definition in our employment agreements with Mr. McGraw and Mr. Hart and under our individual change in control agreements. Generally, “cause” includes (1) the executive’s commission of willful misconduct materially injurious to us, including the improper disclosure of our confidential information, (2) his indictment for a felony or a crime involving moral turpitude, (3) the willful breach of his applicable agreement that is not cured after notice, (4) the willful failure to perform the duties of his position with the Company, (5) the breach of an applicable code of conduct, code of ethics or similar rules adopted by us, or (6) the material violation of applicable securities laws, including the Sarbanes-Oxley Act of 2002.

Constructive Termination and Involuntary Termination Without Cause. Under our employment agreement with Mr. McGraw, if he is involuntarily terminated without cause or in the event of his “constructive termination,” he will receive:

- His base compensation for the remainder of his employment term, but not less than two times his annualized base compensation;
- His target cash bonus;
- Company premium contributions for the period of continuation coverage available to him and his eligible dependents under Section 4980B of the Code, commonly referred to as “COBRA”; and
- Full vesting in the target number of shares of restricted stock awarded for the year of his separation, if any.

Mr. Hart will receive similar benefits under his employment agreement and LTIP grants and awards if he is involuntarily terminated without cause or in the event of his constructive termination:

- His base compensation for the remainder of his employment term, but not less than his annualized base compensation;
- His target cash bonus;
- COBRA premiums for the continuation coverage period available to him and his eligible dependents;
- Full vesting in the maximum benefit payable under his SERPs for the year of his separation; and
- If Mr. Hart is terminated without cause, full vesting in a prorated number of shares of restricted stock, subject to the actual attainment of any applicable performance conditions.

Under both Mr. McGraw’s and Mr. Hart’s employment agreements, the above cash payments will be made in two equal installments: one half seven months after separation, and the other half six months thereafter. Their employment agreements also have the same definition of “constructive termination,” which includes (1) a reduction in the executive’s base compensation or his authority, duties or responsibilities; (2) our breach of the employment agreement; (3) an attempt to require the executive to engage in an illegal act (or to illegally fail to act); or (4) the relocation of the executive more than 30 miles from where he currently works.

If an NEO other than Mr. McGraw or Mr. Hart is involuntarily terminated without cause, any vested options granted under the 2001 LTIP will remain exercisable during the 60-day period following an executive’s separation from employment, and any vested options granted under the 2011 LTIP will remain exercisable during the 30-day period following an executive’s separation from employment; any restricted shares awarded to the NEO vest in the manner described above with respect to retirement. The concept of “constructive termination” does not apply to our NEOs other than Mr. McGraw and Mr. Hart.

Change in Control. Upon the occurrence of a change in control, any outstanding options granted under the 2001 LTIP or the 2011 LTIP vest and are immediately exercisable, and any transfer, vesting or performance requirements imposed upon restricted stock awards are deemed satisfied and lapsed at the target level.

Additional change in control benefits require a “double trigger,” which refers to both the occurrence of a change in control and a subsequent separation from employment. We believe that these double-triggers help lessen the personal concerns that may arise in the context of a change in control while preventing our executives from receiving a windfall solely because a change in control has occurred. The term “change in control” generally refers to: (1) the acquisition by an unrelated person of not less than 50% of our common stock; (2) the sale of all or substantially all of our assets; (3) a merger in which we are not the surviving entity; or (4) a change in a majority of the members of our board of directors that occurs within a specified period. An executive’s employment must be involuntarily terminated without cause or on account of “good reason” (which is defined substantially the same as constructive termination) during the 24-month period following a change in control.

Under the terms of our employment agreements with Mr. McGraw and Mr. Hart, we provide the following payments and benefits:

- 299% of the sum of his highest prior annual base compensation and the average bonus for the two years preceding the change; and
- Company premium contributions for the COBRA continuation period.

[Table of Contents](#)

Mr. Hart is also entitled to receive full vesting of the maximum benefit payable under his SERPs.

Mr. McGraw will also receive a “gross-up” payment to compensate for any excess parachute payment excise tax imposed under Section 4999 of the Code on account of his change in control payments and benefits. We will pay to Mr. McGraw the principal amount of the excise tax, increased by the amount of any income or employment taxes due with respect to our excise tax payment. Mr. Hart’s employment agreement does not include a gross-up provision. Instead, we will pay all of his change in control amounts and benefits only if their aggregate value, after deduction for all taxes, has a materially greater aggregate value than the aggregate value of the payments and benefits reduced to the extent necessary to avoid the imposition of the excise tax.

Under the terms of our change in control agreements with Messrs. Chapman, Johnson, Waycaster and Ross, we provide the following payments and benefits:

- 200% of annualized base compensation and average bonus for the two years preceding the change; and
- Company premium contributions for the COBRA continuation period.

This amount is payable in a lump sum promptly after separation (or six months thereafter if necessary to comply with Code Section 409A and applicable regulations promulgated thereunder). If the value of all benefits and payment due in connection with a change in control are subject to the excise tax on excess parachute payments imposed under Section 4999 of the Code, the benefits and payments will be reduced to the extent necessary to avoid the imposition of the tax.

Separation and Change in Control Payments. The following table quantifies the separation and change in control payments described above. In each circumstance, we have assumed separation on December 31, 2012.

REPORT OF THE AUDIT COMMITTEE

The information provided in this section shall not be deemed to be “soliciting material” or to be “filed” with the SEC or subject to its proxy regulations or to the liabilities of Section 18 of the Exchange Act. The information provided in this section shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act.

The audit committee oversees our financial reporting process on behalf of the board of directors. Management has the primary responsibility for the preparation, consistency and fair presentation of the financial statements, the accounting and financial reporting process, the systems of internal control, and the procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Management is also responsible for its assessment of the design and effectiveness of our internal control over financial reporting. Our independent registered public accountants are responsible for performing an audit in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB, to obtain reasonable assurance that our consolidated financial statements are free from material misstatement and expressing an opinion on the conformity of the financial statements of the Company with U.S. generally accepted accounting principles. The internal auditors are responsible to the audit committee and the board of directors for testing the integrity of the financial accounting and reporting control systems and such other matters as the audit committee and the board of directors determine.

In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management the audited financial statements of the Company for the year ended December 31, 2012 and management’s assessment of the design and effectiveness of our internal control over financial reporting as of December 31, 2012. The discussion addressed the quality, and not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The committee reviewed and discussed with the independent registered public accountants their judgments as to the quality of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards including, without limitation, the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU §380), as adopted by the PCAOB in Rule 3200T. In addition, the committee received the written disclosures and the letter from the independent registered public accountants required by applicable requirements of the PCAOB regarding the independent registered public accountants’ communications with the audit committee concerning independence, discussed with the independent registered public accountants their independence from management and the Company, and considered the compatibility of non-audit services with the auditors’ independence.

The committee discussed with our internal and independent registered public accountants the overall scope and plans for their respective audits. The committee met with the internal and independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The committee held 16 meetings during 2012.

In reliance upon the reviews and discussions referred to above, the audit committee recommended to the board of directors (and the board has approved) that the audited financial statements and the report on management’s assessment of internal control over financial reporting be included in our Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the Securities and Exchange Commission.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Who are our independent registered public accountants?

The audit committee has appointed HORNE LLP to serve as our independent registered public accountants for the 2013 fiscal year. A representative of HORNE LLP is expected to attend the annual meeting. If present, the representative will have the opportunity to make a statement and will be available to respond to appropriate questions. HORNE LLP has served as our independent registered public accountants and audited our financial statements since 2005.

[Table of Contents](#)

What fees were paid to the independent registered public accountants in 2012 and 2011?

Fees related to services performed for us by HORNE LLP in fiscal years 2012 and 2011 are as follows:

	2012	2011
Audit Fees ⁽¹⁾	\$ 660,325	\$ 641,325
Audit-Related Fees ⁽²⁾	33,512	31,648
Tax Fees	—	—
All Other Fees	—	—
Total	<u>\$ 693,837</u>	<u>\$ 672,973</u>

⁽¹⁾ Audit fees included fees and expenses associated with the audit of our annual financial statements, the reviews of the financial statements in our quarterly reports on Form 10-Q, and regulatory and statutory filings.

⁽²⁾ Audit-related fees primarily included fees and expense associated with the audits of the financial statements of certain employee benefit plans and other required procedures.

In accordance with the procedures set forth in its charter, the audit committee pre-approves all auditing services and permitted non-audit services (including the fees and terms of those services) to be performed for us by our independent registered public accountants prior to their engagement with respect to such services, subject to the de minimis exceptions for non-audit services permitted by the Exchange Act, which are approved by the audit committee prior to the completion of the audit. For fiscal years 2012 and 2011, none of the fees listed under Audit-Related Fees were covered by the de minimis exception. The chairman of the audit committee has been delegated the authority by the committee to pre-approve the engagement of the independent registered public accountants when the entire committee is unable to do so. The chairman must report all such pre-approvals to the entire audit committee at the next committee meeting.

PROPOSALS

What are the voting procedures?

Shares represented by your proxy will be voted in accordance with your instructions at the annual meeting. If you return a paper proxy card signed but without any voting instructions, the proxy holders will vote your proxy as follows:

1. **“FOR”** the election of John M. Creekmore, Jill V. Deer, Neal A. Holland, Jr., E. Robinson McGraw and Theodore S. Moll as Class 2 directors.
2. **“FOR”** the ratification of the appointment of HORNE LLP as our independent registered public accountants for 2013.

You are entitled to one vote for each share held.

Proposal No. 1 – Election of Five Class 2 Directors

The five Class 2 directors elected at our annual meeting will serve a three-year term, or until the 2016 annual meeting. The board has nominated for election as Class 2 directors:

- John M. Creekmore
- Jill V. Deer
- Neal A. Holland, Jr.
- E. Robinson McGraw
- Theodore S. Moll

Each nominee presently serves as a member of our board, and biographical information about them is set forth above in the “Board of Directors” section under the question “How many directors serve on the board, and who are the current directors?” If for any reason one or more of the nominees is not available as a candidate for director, an event that the board of directors does not anticipate, the proxy holders will vote, in their discretion, for another candidate or candidates nominated by the board.

Required Vote. Directors are elected by a plurality vote; the nominees in each class who receive the highest number of votes cast, up to the number of directors to be elected in that class, are elected.

Our board of directors unanimously recommends a vote “FOR” the election of each of the five nominees for Class 2 director to the board of directors.

Proposal No. 2 – Ratification of the Appointment of HORNE LLP as our Independent Registered Public Accountants for 2013

We are asking our shareholders to ratify the selection of HORNE LLP as our independent registered public accountants for 2013. Although current law, rules and regulations, as well as the charter of the audit committee, require the audit committee to engage, retain, and supervise our independent registered public accountants, we view the selection of the independent registered public accountants as an important matter of shareholder concern and thus are submitting the selection of HORNE LLP for ratification by shareholders as a matter of good corporate practice.

Required Vote. The affirmative vote by a majority of the votes cast at the annual meeting is required for the ratification of the appointment of HORNE LLP as our independent registered public accountants. If our shareholders fail to ratify this appointment, the audit committee will reconsider whether to retain HORNE LLP and may retain that firm or another firm without resubmitting the matter to our shareholders. Even if the appointment is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered public accountant at any time during the year if it determines that such change would be in our best interests and in the best interests of our shareholders.

Our board of directors unanimously recommends a vote “FOR” the ratification of HORNE LLP as our independent register public accountants for 2013.

The notice must contain information specified in our Bylaws about each nominee or the proposed business and the shareholder making the nomination or proposal.

Under our Bylaws, based upon the meeting date of April 23, 2013 for the 2013 Annual Meeting of Shareholders, a qualified shareholder intending to introduce a proposal or nominate a director at the 2014 Annual Meeting of Shareholders but not intending the proposal to be included in our proxy materials must give written notice to our Secretary not earlier than the close of business on December 24, 2013 and not later than the close of business on January 23, 2014.

The advance notice provisions in our Bylaws also provide that in the case of a special meeting of shareholders called for the purpose of electing one or more directors, a shareholder may nominate a person or persons (as the case may be) for election to such position if the shareholder’s notice is delivered to the Secretary at the above address not earlier than the 120th day prior to the special meeting and not later than the close of business on the later of the 90th day prior to the special meeting or, if public announcement of the date of such meeting is made less than 120 days in advance, the 10th day following the date of the first public announcement of the date of the special meeting and of the nominees proposed by the board of directors to be elected at such meeting.
