ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON APRIL 13, 1999

INTRODUCTION

The accompanying Proxy is solicited by and on behalf of the Board of Directors of The Peoples Holding Company (the "Company") for use at the Annual Meeting of Stockholders to be held on April 13, 1999, and any adjournments thereof. The time and place of the meeting is set forth in the accompanying Notice of Meeting. All expenses of preparing, printing and mailing the Proxy and all materials used in the solicitation thereof will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview and telephone by directors, officers and other employees of the Company, none of whom will receive additional compensation for their services. The date on which this Proxy Statement and the accompanying Proxy are first being sent or given to Stockholders of the Company is March 22, 1999.

PURPOSE OF THE MEETING

The annual meeting will be held for the purpose of:

1. Electing four members of the Board of Directors of the Company for terms specified;
2. Voting on independent auditors for the Company for the current year;
3. Transacting such other matters as may properly come before the meeting.

VOTES REQUIRED FOR APPROVALS

The Company has issued and outstanding 5,844,472 shares of Common Stock, par value of \$5.00 per share, which is the only class of stock outstanding. Only the holders of record of Common Stock of the Company at the close of business on March 19, 1999, are entitled to notice of and vote on the matters to come before the Annual Meeting of Stockholders or any adjournment thereof.

Presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock of the Company entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Meeting or any adjournment thereof.

A stockholder is entitled to one (1) vote, in person or by proxy, at the Annual Meeting for each share of Common Stock of the Company held of record in his or her name at the close of business on the record date, March 19, 1999.

Affirmative vote of a majority of the outstanding shares of Common Stock of the Company is required to elect directors. Each shareholder shall have the right to vote, allocable to the number of shares owned by him, for as many persons as there are directors to be elected, or to cumulate such votes and give one candidate as many votes as the number of directors multiplied by the number of votes allocable to his share equal, or to distribute such votes, on the same principle, among as many candidates as he shall see fit, without any conditions precedent to such action.

Affirmative vote of a majority of outstanding shares of Common Stock of the Company is required to approve independent auditors.

Stockholders may designate a person or persons other than those named in the enclosed Proxy to vote their shares at the Annual Meeting or any adjournment thereof. As to any other matter or business which may be brought before the Annual Meeting or any adjournment thereof, a vote may be cast pursuant to the accompanying Proxy in accordance with the judgment of the person or persons voting the same, but the management and Board of the Company do not know of any other matters or business to come before the meeting. Any stockholder has the power to vote his or her Proxy at any time, insofar as it has not been exercised, by written notice or subsequently dated Proxy, received by the Company, or by oral revocation given by the stockholder in person at the Annual Meeting or any adjournment thereof.

PRINCIPAL HOLDERS OF VOTING SECURITY

The Company has only Common Stock outstanding and as of February 24, 1999, the Company had 2,579 stockholders of record. To the knowledge of management of the Company, no stockholder owns beneficially more than five (5) percent of the Company's outstanding Common Stock. As of February 24, 1999, policy making officers and directors as a group beneficially owned, directly and indirectly, a total of three hundred and six thousand, two hundred and eighty-five (306,285) shares, or five and twenty-four hundredths percent (5.24%) of total shares of Common Stock outstanding.

ELECTION OF DIRECTORS

The number of directors is currently fixed at fourteen, and the Board of Directors has voted to fix the number of members at fourteen for the ensuing year. The Board of Directors is divided into three classes having staggered terms. Three of the directors whose terms end in 1999 have been nominated for re-election to another term, and H. Joe Trulove has been nominated for election to succeed A. M. Edwards, Jr., who is retiring from the Board.

COMPENSATION COMMITTEE

The Board of Directors of the Company performs the function of the Compensation Committee. Mr. Smith recuses himself during the board meeting when the executive salaries and other executive benefits are discussed and approved. The members of the board that make up the Compensation Committee are: Robert C. Leake, Chairman; William M. Beasley; George H. Booth, II; Frank B. Brooks; C. Larry Michael; Marshall H. Dickerson; A. M. Edwards, Jr.; Eugene B. Gifford, Jr.; John M. Creekmore; Jimmy S. Threlkeld; J. Heywood Washburn; Robert H. Weaver; and J. Larry Young.

The Company has designed its executive compensation program for the purpose of attracting and retaining executives who will contribute to the Company's success through achieving designated goals that have been approved by the Board. The Company's executive compensation program consists of a base salary and an annual incentive.

The base salary is determined by evaluating the responsibilities of the position, the experience of the executive, and the executive's performance. In addition, peer comparisons are made for comparable positions in the relevant marketplace. The Committee reviews the executive's salary periodically and adjusts it to reflect changes in the market place as well as the individual's performance and responsibilities.

The Company has an incentive program that determines the executive's incentive based upon economic improvement from the prior year. This plan is referred to as "Performance Compensation for Stakeholders." The executive's participation in that program is the same as for all other employees. The incentive compensation is based on economic standards for growth, profitability, asset quality, and productivity. Each of these key performance indicator

categories are quantified in determining the economic improvement achieved by the Company.

Under the incentive plan, a minimum threshold is set before an incentive will be paid. The reward pool ranges from 33% to 48% of the Company's economic improvement. (Economic improvement is defined as the increase in net income before taxes and incentive in the current year over that of the prior year based on the achievement of the key performance indicators). Based on the Bank's performance in the key performance indicator categories not exceeding the minimum threshold, no incentive was paid to the executive for 1998.

Other benefits that are provided to the executive include the participation in a Company-wide medical plan, Money Purchase Pension Plan, 401(k), Deferred Compensation Plan, and ESOP. (The Bank's Defined Benefit Pension Plan, in which the executive participated, was curtailed by the Bank and benefit accruals were frozen as of December 31, 1996). These benefits are offered to other employees of The Peoples Bank & Trust Company, subsidiary.

EMPLOYEE STOCK OWNERSHIP PLAN (ESOP)

The Bank adopted an Employee Stock Ownership Plan effective as of January 1, 1981, and the Company adopted said plan effective as of November 1, 1983. The Plan has subsequently been amended to comply with all law changes. This plan covers all employees who have attained the age of twenty-one and have at least one year of continuous service. The non-officer directors of the Company do not participate in the Plan. The Bank set aside \$300,000 in 1998 for this Plan. The amount set aside is used to purchase shares of the Company stock and other stock which is held in trust for the employees until retirement, death, or break in service. The Plan presently owns 358,260 shares of the Common Stock of the Company or 6.13% of the total outstanding shares. These shares are voted by the employees participating in the Plan. Eligible employees participate in the Plan based on their salary compared to total eligible salaries for the year. Benefits are distributed in the form of shares held for the employee's account.

At the beginning of 1998, the Plan held 369,945 shares of Common Stock of the Company. Between January 1, 1998, and December 31, 1998, 3,352 additional shares were purchased less 15,037 shares distributed to retired and terminated participants, bringing the total at the end of 1998 to 358,260 shares. All Company stock purchased for the Plan was either purchased on the open market or from terminated ESOP participants. John W. Smith participated in the contribution to the Employee Stock Ownership Plan, and his share of the contribution for 1998 was approximately \$3,625.

PENSION PLAN

The Pension Plan of the Bank has been adopted by the Company. Listed in the table below are the Retirement Benefits estimated to be paid to participants in the Company's Pension Plan at normal retirement date, age 65. The Non-Officer Directors of the Company do not participate in the Plan. The Plan allows early and delayed retirement. The Company elected to adopt Financial Accounting Standards Board Statements (FASB) No. 87 and No. 88 in 1986. The pension expense since 1986 has been computed under those statements, resulting in income under FASB Statement No. 87 of \$99,742.00 in 1998. The Company's funding policy is to contribute annually an amount that falls within the minimum and maximum amount determined by consulting actuaries in accordance with the Employee Retirement Income Security Act of 1974. The Company did not make a contribution to the Plan for 1998. Said evaluation is based on data concerning all employees participating in the Plan as a group. The actuary does not compute and assign any part of a total contribution as the current cost of retirement benefits for a specific employee.

During 1996, the Pension Plan was curtailed, freezing participant accruals under the Plan as of December 31, 1996. Effective January 1, 1997, a Money Purchase Pension Plan and a 401(K) Plan were established to take the place of the Defined Benefit Plan.

The table below shows the estimated maximum current benefits payable under the curtailed Pension Plan assuming retirement at age 65 of persons in the specified remuneration and years of service classification.

The estimated credited years of service and the compensation covered by the Plan, where required, for each of the individuals named in the Cash Compensation Table are as follows: John Smith, 30 (\$240,000.00). (For Plan years beginning after December 31, 1993, certain limitations on compensation will apply if still applicable at the retirement of the participant. Currently the maximum compensation amount is \$160,000.00.) As previously stated, this plan was curtailed in 1996 and John Smith's monthly pension benefit under the normal form of settlement is \$5,822.65 per month for ten years certain.

The Company has employment contracts with John Smith and six executive vice-presidents of a subsidiary of the Company. These contracts will not be effective unless there is a change of control of the Company and the executive is terminated for other than cause or elects to terminate his employment for good reason. A severance amount of up to 2.99 times the executive's compensation could be payable as a result of such termination.

MONEY PURCHASE PENSION PLAN

The Company adopted a Money Purchase Pension Plan effective as of January 1, 1997. The Plan covers all employees who have attained the age of twenty-one and have at least one year of continuous service. The non-officer directors of the Company do not participate in this plan. The contribution amount is 5% of total compensation plus an additional 5% of compensation in excess of the social security wage base.

401(K) PLAN

The Company adopted a 401(K) Plan effective as of January 1, 1997. The Plan covers all employees who have attained the age of twenty-one and have at least one year of continuous service. The non-officer directors of the Company do not participate in this plan. Employees may contribute up to 10% of their compensation and the Company will match 100% of this contribution up to a maximum of 3%.

BENEFIT RESTORATION PLAN

Effective May 1, 1991, The Peoples Bank and Trust Company established a Benefit Restoration Plan. Due to subsequent changes in the federal tax laws governing the integration of social security benefits into the pension plan formula, The Peoples Bank & Trust Company again amended The Peoples Bank & Trust Company Pension Plan, and on December 13, 1994, restated the Benefit Restoration Plan effective January 1, 1994. This plan is an unfunded non-qualified deferred compensation plan maintained solely for the purpose of restoring certain benefits for officers covered under The Peoples Bank and Trust Company Pension Plan who experienced a decrease of \$50 or more in the present value of their

pension benefits and had a \$100 or more decrease in the projected amount of their future benefits resulting from an amendment to the Plan which revised the Plan's Social Security integration formula in order to comply with IRS regulations. The Plan will pay the eligible employees a benefit equal to the difference in what their benefit is under the revised Plan and what their benefit would have been under the Plan prior to its amendment.

The normal retirement age under the Benefit Restoration Plan is age 65 and the employee is eligible for early retirement upon reaching the age of 55, provided the employee has 15 years of service with the bank. A death benefit equal to a 50% joint and survivor annuity will be payable to the employee's spouse in the event of his or her death. During 1998, the Bank accrued \$70,525 for this plan. Due to the curtailment of The Peoples Bank & Trust Company Pension Plan, this plan was amended in 1996 in order to freeze accruals under this plan as of December 31, 1995.

INCENTIVE COMPENSATION PLAN

The Board of Directors of the Bank adopted an Incentive Compensation Plan titled "Performance Compensation for Stakeholders," to be effective in 1997. Incentive benefits will be paid to eligible officers and employees after the end of each calendar year and shall be determined based on established criteria relating to growth, profitability, asset quality and productivity. Management sets key performance indicators (KPI) for all applicable profit centers. The centers are rewarded for improved economic benefit to the Bank. Based on the amount of improved economic benefit derived from the center, incentive compensation is calculated as a percentage of salary. The President is covered under this plan.

The Performance Compensation for Stakeholders covers all eligible employees. An employee is credited for the pro-rata amount of time employed during the year. Employees must be employed by the Bank at December 31 to be eligible. During 1998, the Bank contributed \$250,960.56 to this plan.

DIRECTORS' DEFERRED FEE PLAN AND EXECUTIVE DEFERRED COMPENSATION PLAN

(3) On November 12, 1985, the Board of Directors adopted the Directors' Deferred Fee Plan and the Executive Deferred Compensation Plan, hereinafter referred to as Part A, and effective January 1, 1989, eligible directors and employees were given the opportunity to defer additional compensation under Part B of these Plans. Under the terms of the Plans, non-employee directors and eligible employees may elect to defer, respectively, up to 100% of directors' fees and retainers and up to 10% of salary, as approved from time to time by the Administrative Committee of the Plans. Amounts deferred under Part A of the Plans accrue interest annually at 130% of the Moody's Average Corporate Bond

Rate for the month of October preceding December 31 of each preceding year, and amounts deferred under Part B of the Plans accrue interest annually at the Moody's Average Corporate Bond Rate for the month of October preceding December 31 of each preceding year. If a Participant remains an employee or director until his or her normal retirement date and shall then retire, the Company is obligated to pay to the Participant an amount equal to the amount originally deferred under Part A as annually compounded by 130% of the Moody's Average Corporate Bond Rate and at the Moody's Average Corporate Bond Rate for the amount originally deferred under Part B until the Participant's normal retirement date. That result will then continue to be annually compounded by the appropriate percentage (130% in the case of Part A and 100% in the case of Part B) of the Moody's Average Corporate Bond Rate being used at the time of normal retirement until the time the total retirement benefit, which will generally be paid monthly over a fifteen-year period, is completed. If a Participant terminates his or her employment prior to normal retirement, he or she will receive a termination benefit upon the earlier of (i) the Participant's death or (ii) attainment of his or her early retirement date or (iii) at the time said Participant ceases his or her employment if such date is later than his or her early retirement date. This benefit shall be determined by improving the Participant's deferrals under Part A by the Moody's Average Corporate Bond Rate and under Part B by 75% of the Moody's Average Corporate Bond Rate, each as compounded on an annual basis if said Participant has been an employee or a director for less than ten years or if employment is discontinued for cause and by 130% and 100%, respectively, of the Moody's Average Corporate Bond Rate as compounded on an annual basis if said Participant has been an employee or director for ten or more years with such amount being computed from the date of entry to the termination date of the Participant. This benefit will normally be paid monthly over a fifteen-year period.

If a Participant shall die after he or she begins receiving a benefit but before receiving 180 installments of his or her benefit, the amount will be continued to the Participant's beneficiary until the balance of 180 monthly payments have been made. If a Participant dies prior to the time he or she begins receiving a benefit, his or her beneficiary is entitled to the higher of the Pre-Retirement Death Benefit or the Participant's Accrued Benefit under the Plan. This benefit will normally be paid monthly over a fifteen-year period.

The Plans are administered by an Administrative Committee which is appointed by the Board, and the Committee has the authority to amend the Plans or extend them for additional years, subject to the right of the Board to terminate the Plans. The committee has approved deferrals under the Plans for 1998 at the rates provided for under the terms of the Plans. The Plans are unfunded, and it is anticipated that they will result in no cost to the Company over the term of the Plans because life insurance policies on the lives of the Participants have been purchased in amounts estimated to be sufficient to pay

benefits under the Plans. The Company is both the owner and beneficiary of all the insurance policies. On December 31, 1998, there were six directors and fifteen officers participating in Part A of the Plan and twelve directors and thirty-two officers participating in Part B of the Plan. During 1998, \$3,603.96 was paid from the Directors' Deferred Fee Plan as widows' benefits of deceased directors and \$40,829.64 was paid in benefits to retired directors. In addition \$50,490.00 was paid in benefits to retired non-executive officers, and \$45,691.20 was paid to the widow of a deceased non-executive officer. Amounts deferred during 1998 by the individuals in the groups specified in the cash compensation table are included in the totals disclosed in the table. Amounts accrued during 1998, including deferrals, were as follows: Mr. Smith, \$4,654.64 in Part A and \$8,842.00 in Part B; all executives and directors, including retired executives and directors as a group, \$85,249.61 in Part A and \$306,620.49 in Part B.

OTHER BENEFITS

The company has adopted certain broad-based employee benefit plans in which executive officers participate and certain other retirement, life and health insurance plans providing customary personal benefits. The benefits under these plans are not tied to company performance. The executive officer named in the Summary Compensation Table participates in the other benefits described above.

This graph sets forth the cumulative total shareholder return (assuming reinvestment of dividends) to The Peoples Holding Company's shareholders during the five-year period ended December 31, 1998, as well as the American Stock Exchange (AMEX) market index and an industry group of 48 Regional Southeast Banks.

Note: The graph above assumes \$100 is invested on January 1, 1994, in The Peoples Holding Company stock; and an identical amount in the AMEX market index; and the peer group of bank holding companies, the Regional Southeast Banks Industry Index.

Media General Financial Services, who provided the Company with peer group index figures for prior years, went through an internal restructuring of their industry group classification system in 1998. As a result, the index figures for the old peer group, East South Central Banks, are no longer available. The Company is now categorized in a similar industry group, Regional Southeast Banks.

There can be no assurance that the Company's stock performance will continue into the future with the same or similar trends depicted in the graph above. The Company will not make nor endorse any predictions as to future stock performance.
